# TWELVE CANDIDATES FOR VICTORIA SEATS

## Over Million Dollars In Building Returns Figures Compiled For Six Months Total \$1,036,536

Stabilization of Building Industry in Greater Victoria Indicated by Statistics Released by City and Municipal Offices To-day; June Was Record Month With Permits Valued at \$136,881

Over \$1,000,000 is represented in building permits issued for Greater Victoria during the first six months of the year.

A compilation of building figures released at the City Hall and municipal offices to-day give a grand total of \$1,036,536 from January 1 to June 27.

During the month of June this year the figures for Greater Victoria show a total of \$136,881, which is a record for monthly building permits.

While the figures for the last six months, amounting to \$1,036,536, do not establish a new record, the total during the corresponding period of 1927 being \$1,215,037, they indicate the stabilization of the building industry, largely representing as they do, residence construction, as compared with large contracts placed during the early part of 1927.

The value of permits issued last month are announced as follows:  
Victoria City—\$54,483, compared with \$33,490 for June, 1927.  
Oak Bay—\$13,540.  
Sanich—\$36,456, compared with \$24,155.  
Esquimalt—\$2,400.

Building figures by districts for the first six months of the year are announced as follows:  
Victoria City—\$614,845, compared with \$659,952 for the corresponding period in 1927.  
Oak Bay—\$219,110, compared with \$303,915 for the same period last year.  
Sanich—\$173,706, compared with \$128,855 for the corresponding period in 1927.  
Esquimalt—\$28,875, compared with \$28,535 for the first six months last year.

Inquiries at the City Hall and at the municipal offices of Oak Bay, Sanich and Esquimalt elicited the information that building prospects are extremely bright for the balance of the year.

## THEATRE SAFE BLOWN BY THUGS

\$140 Taken From Movie House in Kerrisdale By Bandits

Point Grey, June 27.—Dragging the safe of the Kerrisdale Theatre, Forty-first Avenue West, across the lobby from the manager's office into the women's cloak room, safecrackers last night blew the strong box and escaped with \$140 in cash.

An investigation by Inspector Percy Kirkham of the Point Grey police revealed the dial had been chiselled off the safe and a charge of "suspicious" placed in the opening. The safe must have been well covered, as no damage was done to the room.

The crackmen left behind them all of their tools, including a screw driver, a monkey wrench, a chisel and a heavy pair of shears.

## HON. L. P. NORMAND DIES IN QUEBEC

Was Member of Meighen Cabinet For Three Months in 1921

Three Rivers, Que., June 27.—Hon. Louis Philippe Normand, physician and surgeon, former member of the Meighen Cabinet in 1921, died here to-day after a brief illness.

Louis Philippe Normand was born September 21, 1863, at Three Rivers, Quebec, his parents both being French-Canadians. He was educated at La Salle Academy and St. Joseph Seminary, Three Rivers. He graduated in medicine and practiced as a physician and surgeon. In 1901 he married Miss Graciele Beaulieu, whose family lived at Borel, Quebec, and of the union three daughters and six sons being born. The eldest, Philippe, became a priest.

Among the honors which came to Dr. Normand was his election as president of the Medical Council of Canada in 1922.

He was first a candidate for the House of Commons at the general election in 1911, when he met defeat. September 21, 1921, he accepted Premier Meighen's invitation to join his Cabinet, becoming President of the Privy Council. He was not destined to hold that post long, as he was defeated as candidate in Three Rivers in the general election and retired December 29, 1923, at the dissolution of the Conservative administration.

## PREMIER IS ON INTERIOR TOUR

MacLean and Minister of Public Works Address Big Revelstoke Audience

Revelstoke, June 27.—Premier J. D. MacLean and Hon. W. H. Sutherland, Minister of Public Works, were given a warm welcome here last night when, following the unanimous selection of Dr. Sutherland as the Liberal candidate in the constituency of Revelstoke for the Legislature, the Premier congratulated the meeting on its choice and stated that at the time of the death of Premier John Oliver Dr. Sutherland had found considerable support as successor to the Premiership.

"Had he received the mantle," said Dr. MacLean, "I should have been as loyal a supporter of him as he is now of me."

"My colleagues," said the Premier, "are all of this type—safe, sane and progressive men—and every one of them had made a success of his private business before he became a member of the Government."

## NEW CELEBRATION FEATURES FIXED

Special Run By Fire Department With Flaring Torches To Be Made

Streets of Victoria will be a gay riot of fun and color on Saturday night when July 1 celebrations get under way.

Illuminated automobiles on parade and comic bands playing at different corners in the downtown section of the city will be features during the evening.

Under arrangements made last night with Fire Chief Vernon Stewart, a special run will be made by the fire department with the street lights of the city turned off and the fire fighters carrying flaring torches. The trucks will be from headquarters and will start from the Fire Hall, proceeding along Broad Street to Yates, to the top of Yates Street and return.

Street light will be put out for this special event with the torches and the lights from the store windows being the only means of illumination. The run will be made at 9:15 o'clock. Presumably some few years ago the event proved very popular and thousands of people lined Yates Street to witness the scene.

The celebration committee is arranging for three prizes for illuminated cars and burlesque musicians for the street carnival. Entries should be filed with S. Thomas of the committee.

## DELEGATES AT HOUSTON HAVE FST BATTLES

Half Dozen Fights Among State Groups at U.S. Democratic Convention To-day

Assembly Becomes Lively as Presidential Nomination Approaches; Police Busy

Houston, Texas, June 27.—A quotation from Jefferson's religious freedom declaration felt like a firebrand into the Democratic National Convention here to-day and before the conflagration was over a half dozen fist fights had raged around the standards of southern states, which panders supporting Governor Al Smith, of New York for the nomination for the presidency of the United States had sought to snatch, into a roaring, cheering parade around the convention floor.

Police officers used their night sticks freely in the melee that raged about the standards of North Carolina, Alabama and Georgia principally, but touched in lesser degree the other delegations of the South, who are opposed to the nomination for President of the Roman Catholic Governor of New York. Apparently there were no serious injuries.

Senator Robinson of Arkansas, permanent chairman of the convention, started the battle by interpolating in a prepared speech two quotations from (Concluded on page 3)

## URGES MAYOR GO TO COURT

At Vancouver Inquiry McGeer Also Suggests Charges Against Police Leaders

Vancouver, June 27.—Indictment of Mayor Louis D. Taylor, Chief of Police H. W. Long, Police Inspector John Jackson and Sergeant of Detectives George E. McLaughlin on charges of conspiring to carry on a gambling business, was demanded by G. G. McGeer, K.C., counsel for Police Commissioner T. W. Fletcher, in his argument before Commissioner R. S. Lennie at the stage of the Vancouver police inquiry.

This was forecast at this morning's session when counsel urged their differences of opinion regarding the order in which they should present their arguments to Commissioner Lennie.

Mr. McGeer announced his argument on the evidence would centre on two points: First, that the mayor, the chief of police, Inspector Jackson and Sergeant McLaughlin should be indicted on a charge of conspiring with George Chow and other Chinamen to commit the indictable offence of carrying on gambling in the city; and second, that the same men should be indicted along with Joe Celona, Frank Calaisa and others of conspiring to operate disorderly houses and of living off the avails of prostitution.

Vancouver, June 27.—Suggesting Commissioner R. S. Lennie should recommend to the Vancouver City Council the presentation of a memorial to the Lieutenant-Governor-in-Council asking that the Vancouver Police Commissioner be relieved of his duties pending the formation of a police board for Greater Vancouver was advanced at a session of the Lennie Commission this forenoon by C. N. Haney, counsel for the Prohibition Association and associated organizations.

Mr. Haney suggested Magistrate H. C. Shaw, Judge Grant and an alderman of Vancouver or such other three persons as might be deemed be appointed an interim police board by the Lieutenant-Governor.

## VOTERS' LISTS NOW COMPLETED

The Provincial Voters' List for the electoral districts of Victoria City, including Oak Bay and Esquimalt, have now been completed and both show increases for the current year. It was announced by George H. Mahon, registrar, to-day, in the Victoria City list there are now 23,070 names, compared with 22,195 names in 1924. Some 615 names were removed, 265 on transfers and 250 on objections. In the Esquimalt electoral district there are 3,858 names on the voters' list, as against 3,685 in 1924. In Esquimalt 379 names were taken off the list, 127 on transfers and 250 on objections. The revision has brought both lists fully up-to-date.

LATE ROBERT BRUCE MANTELL

The picture above, taken when the famous actor last visited Victoria with his company, some three years ago, shows him, costumed for the part of Brutus in "Julius Caesar," one of the Shakespearean plays in which he appeared here.

In the course of the numerous tours he made during his stage career of many years, Mr. Mantell played engagements in Victoria a number of times.

## DUMP DUTY COULD NOT HELP SALES

Tariff Would Not Have Altered Berry Situation, Says Market Commissioner

Quality of Fruit Held Responsible For Unsatisfactory Returns

While Conservative speakers in the present election campaign are leading British Columbia fruit growers to believe that a dumping duty would have given them a big return on their strawberries this year, such a duty could not have helped the situation substantially in the prairie markets, according to telegraphic advice received at the Department of Agriculture to-day from J. A. Grant, British Columbia Market Commissioner at Calgary.

Strawberries from this Province were marketed on the prairies unsatisfactorily in the season now ending because none of them, except those from Creston, were up to standard, Mr. Grant stated. The quality of the British Columbia berries is held responsible by Mr. Grant for the losses against which berry growers are complaining now.

## MANY SEEING VESUVIUS SIGHT

Eruption of Volcano in Italy Draws Many Tourists; No Fear of Disaster

Resina, Italy, June 27.—Mount Vesuvius was in eruption to-day. Since no danger was felt, tourists were flocking to this town at the foot of the mountain.

Small crystallized fragments fell on the road leading to the volcano, but visitors kept on toward the summit, apparently unafraid.

For three days there have been explosions. Fragments of molten lava have been hurled high and fallen back upon the eruptive cone. The cone was raised almost to the level of the great crater which crumpled in 1800.

It is thought the cone will be engulfed in the crater itself, since the crater part of the lava has risen to the level of the eruptive mouth.

# Liberal Candidates Launch Appeal With Plea For Clean Fight

Businesslike Addresses on Issues of Election, Without Personalities, Make Fine Impression as Dewar, Graham and Straith Fire First Gun of the Campaign; MacLean's Work Should Not Be Interrupted, Speakers Warn Voters

Liberal candidates for election to the Legislature in Victoria opened their campaign last night with businesslike speeches at Shelbourne Street Hall, where they held a joint meeting with Sanich Liberals.

Alderman Robert Dewar, Mark Graham and W. T. Straith made an excellent impression on their audience as they commenced a campaign which they announced would be clean, free from mud slinging and personalities, and devoted entirely to the public issues of the election. The speeches of the candidates were strictly along these lines and displayed a comprehensive grasp of provincial affairs.

W. H. Whitaker, Liberal candidate in Sanich, joined with the Victoria speakers in urging the return of the MacLean Government as the only logical way before the voters.

Y. H. Kinsman presided.

Warsaw, June 27.—The Cabinet of Marshal Pilsudski resigned to-day. A new Cabinet under M. Bartels was formed.

## Demonstration By Louvain People

Louvain, Belgium, June 27.—Despite the presence of four policemen, 300 Louvain students and civilians, demonstrating in favor of Whitney Warren, United States architect, invaded the new library of the University of Louvain to-day and shattered by pieces the pillars of a ballustrade which Recor Ladeuze desired to have erected instead of the one planned by the architect.

## Bela Kun to Spend Month in Prison

Vienna, June 27.—Bela Kun, whose communist rule in Hungary several years ago resulted in upwards of 1,000 executions, was found guilty here to-day of belonging to a secret society and of falsely describing himself on the passport by which he entered Austria. He was sentenced to three months' imprisonment, but the time he has spent in custody was taken into account and the jail term will expire in thirty days. His secretary, Miss Elina Grouar, was sentenced to one month in jail, but she also has been in custody for two months and will be released immediately.

## BAY TOWN WINS THE IRISH DERBY

Curragh, Kildare, Ireland, June 27.—The Irish Derby was won to-day by Sir C. Hyde's Bay Town. Mr. Coyle's Wave Two was second and Mr. Cohen's Bracknell Home was third. Ten ran the mile and a half course. The stakes were \$5,000.

## MUCH LIQUOR IN CIRCUS TRAINS IS FOUND IN U.S.

Malone, N.Y., June 27.—Four circus trains of the Barnum and Bailey and Ringling-Brothers' Show to-day were stopped at this port of entry from Canada while customs men removed between 600 and 700 bottles of beer, wine and gin. The trains came from Montreal.

# CANADIAN IN GERMANY SHOT

Man Who Formerly Lived in Prince Rupert Wounded By Two Assaults in Forest

Berlin, June 27.—(Canadian Press Cable via Reuters)—There was a mysterious outrage, of which a Canadian named Eckoff was the victim at Maseritz, near the Polish frontier. Eckoff, who once lived at Prince Rupert, B.C., where he had a hotel, was attacked in a forest by two men, who fired at him with revolvers and wounded him so severely he had to be rushed to a hospital for an operation in order to save his life. The reason for the attack is a mystery, as Eckoff's assailants escaped.

Some months ago Eckoff was severely injured in a motor car smash near Berlin and was arrested on suspicion of being a spy, but was afterwards released.

# SHIPS HUNTING MISSING PLANE

Three Vessels Leave Norway to Search For Missing Amundsen Arctic Party

Oso, Norway, June 27.—The Norwegian cruiser Tordenskjold, the French auxiliary cruiser Queneau, and the German auxiliary cruiser Albatross, chartered by the French Government, left Tromsø to-day for Bear Island, to make a thorough search for Capt. Roald Amundsen, Norwegian explorer, and his five companions, missing with a French seaplane.

PARTY REPORTED SIGHTED

Berlin, June 27.—A second version containing additional details of a report received in Norway that the plane of Capt. Roald Amundsen and his party were sighted by a Norwegian sealer on June 20 is contained in a special dispatch from Tromsø to The Lokal Anzeiger of Berlin.

This states a telegram was received from Tromsø, stating that the sealer had sighted the missing seaplane on an ice floe southeast of Northeast Land. Dense ice prevented the approach of the sealer, but the crew of the plane could be seen through a telescope repairing the machine. As the vessel was without radio it handed its message to a Russian steamer, which in turn sent it to Archangel.

King's Bay, Spitzbergen, June 27.—Fear that the six men who drifted away in the balloon part of the North Pole dirigible Italia, after it had crashed on the ice near Foy's Island, one of the Spitzbergen group of islands, lost their lives prevailed here to-day when it was learned the airship had caught fire.

## VOTERS HEAR NEW MINISTER

Hon. Dugald Donaghy and Other Liberals Address Big Vancouver Meeting

Vancouver, June 27.—"People must borrow to develop and the question is not the increase in the debt, but whether the money was borrowed for the advancement of the Province," said Hon. Dugald Donaghy, Minister of Finance, in his opening campaign speech here last night.

A big audience in the Arena greeted Mr. Donaghy when the Liberal candidate for the six city ridings, following the speeches with the closest attention and frequently indicating support by bursts of applause.

VANCOUVER BY-LAWS

Mr. Donaghy, who made the principal speech of the evening, urged the support of the public for the civic money by-laws being presented to the ratepayers of Vancouver to-day.

"One of the chief attacks of the opposition has been that the MacLean Government has increased the debt of the Province," said Mr. Donaghy. "Tomorrow the ratepayers of Vancouver will be asked to increase the debt of the city, and I advise them to do so. People must borrow to develop, and the question is not the increase in the debt, but was the money borrowed for the advancement of the Province?"

That is the question to which Hon. S. F. Tolmie, Conservative leader, should address himself.

PROVINCIAL COSTS

"It costs \$20,000,000 a year to run the Province, and the net debt of British Columbia on November 1, 1927, at the last financial statement, was \$46,000,000.

"Dr. Tolmie will tell you of the gross debt of the Province, but he will not tell you of the net debt. I deal with the net debt.

"Eleven years ago the debt was \$20,000,000, and it has increased to \$46,000,000. Of that \$16,000,000 was for roads—some of which bring hordes of tourists here who spend great sums of money in the Province. Another item is \$4,000,000 for universities and university land. Then \$2,000,000 was for Tranquille Sanatorium, Escondido and the Boys' Industrial School.

RAILWAY BONDS

"Many millions have gone to pay interest on the bonds," continued the Minister. "That is befuddling. I deal with the net debt.

"Eleven years ago the debt was \$20,000,000, and it has increased to \$46,000,000. Of that \$16,000,000 was for roads—some of which bring hordes of tourists here who spend great sums of money in the Province. Another item is \$4,000,000 for universities and university land. Then \$2,000,000 was for Tranquille Sanatorium, Escondido and the Boys' Industrial School.

AGRICULTURE INCREASED

"The Provincial Government also invested \$2,000,000 to prevent the Okanagan being destroyed for lack of irrigation, to save the finest fruit district in the Province. Another \$3,500,000 went to reclaim 30,000 acres of land in Sumas—30,000 acres of the finest and richest agricultural land in the world. Now you will see hop fields, clover and alfalfa there and we are building up at this city's back door a rich agricultural area."

TAX REDUCTIONS

Mr. Donaghy referred to decreases brought about by the Liberal administration in the succession duties, income tax, land taxes and coal, Glass taxes. The reduction in these items, he said, aggregated more than \$3,000,000.

"The effect of this," he said, "was to improve the financial status of the Province well within the control power."

LIGHT AND POWER

Referring to the recent sale of the British Columbia Electric Railway Company, Mr. Donaghy observed there was a fear the public was to be exploited.

"You have the assurance of the MacLean Government that no exploitation of the citizens by the P.C.E.R. was contemplated, and if any attempt is made, Parliament will take control," he said. "Realize the responsibility I am taking as Minister of Finance, when I say this."

There was enough water-power in reserve near Vancouver, he said, to underwrite the foundations of any organization that wished to control power.

P.C.E. PROBLEM

The P.C.E. Railway he described as "the greatest problem we face to-day."

"It is costing us two and one-half millions a year which we pour into the maw of this enterprise," he said. "Who is the man to solve this problem? The solution commences with the return of the Peace River Block to this Province. It is about to return to British Columbia. I hope the success the Premier attained in getting back the Peace River land may not stop until he works out the solution of the P.C.E. problem."

Premier MacLean had obtained what he did through his own ability and that was a reason he should continue Prime Minister until this question was settled.

PREMIER IS ON INTERIOR TOUR

(Continued from page 1)

The Premier dealt exhaustively with the record of the Liberal Government in administration and expenditure. The Government, he said, was spending \$2,000,000 more than it was taking in. It had shown a surplus of \$22,000,000 all charges and expenses had been met.

LESS THAN AUTHORIZED

Contrary to the statement of Hon. S. F. Tolmie, Conservative leader, that it was spending \$3,000,000 annually more than authorized by the Legislature, it had expended \$46,000,000 less in 1927 than had been authorized by the House, he said.

The increase in the public debt of the Province, he said, was not as great proportionately as it was in Ontario or Alberta. Governments in all parts of Canada were being asked to do things never done in former years. New conditions and problems had to be met, he said.

ASSETS ARE GREAT

"British Columbia is a new province," said the Premier, "and it costs money to open it up to production. We have a lot of money and we have great assets to account for it."

"Dr. Tolmie has challenged my statement that it is true we have spent a lot of money in the Dominion has ever passed any social legislation. He answers that it has, the Workmen's Compensation Act, the Factory Act and others."

"But I maintain my ground on the point. The legislation he refers to is not social legislation; it is labor legislation. Moreover, the Conservatives had the Workmen's Compensation Act on the statute book four years without enforcing it."

P.C.E. RAILWAY

"The Conservative Party has no policy in regard to the Pacific Great Eastern Railway. When the Conservatives met at Kamloops they passed thirty-three resolutions, but none on the railway."

"My policy," said the Premier, "is the policy of the Liberal Party as laid down at the convention at Vancouver a year ago. We will let it or complete it from Vancouver to Prince George," he concluded.

DR. SUTHERLAND SPEAKS

In accepting the nomination, Dr. Sutherland expressed his appreciation of the honor he had received at the hands of the meeting.

He then dealt with the matter of contracts for road work granted by his department. There had been some criticism, he said, of the rates paid by the Department of Public Works for road work. They were much lower, he said, than the rates paid by the Conservatives for work done prior to 1916.

ROADS REBUILT

"Moreover," he said, "the roads built by the former administration were in most cases so poorly done that we had to build them over again when we came into office."

The Conservatives, said Dr. Sutherland, had no policy, so their plea in the present election campaign was that it was "time for a change."

Dr. Sutherland was first elected to the Legislature to represent Revelstoke in 1916, and was re-elected in 1920.

CONSERVATIVES

Beatty, James H., 1025

Joan Crescent, company

manager (Conservative).

Proposed by Lindsey Crease, K.C., seconded by Dr. J. D. Hunter.

Endorsed by the following: Fred C. Elliott, John D. Farnell, A. J. Kirkpatrick, J. R. Savage, E. R. New Paterson, Mary J. Roberts, Dorothy Fairweather, F. J. Popham, Hannah Marshall, J. W. Woodson, E. E. Fairweather, E. E. Coady-Johnson, Leonard Tait, E. W. Wallace, John McCullough, and many others of equal fame dominated the English-speaking stage.

LEARNED WINE BUSINESS

Robert B. Mantell evinced a love for the stage when he reached his teens. His parents wished him to study law, but books held no attraction for the romantic youth, and at the age of fourteen he was apprenticed to a wine merchant near his home at Ayshire, Scotland. Remaining in that position for five years, he embraced every opportunity to appear in amateur theatricals, even against the wishes of his parents.

In 1874 he left home, wandered about the British Isles for a time, and finally landed in Boston, Mass. Failing in his attempt to procure an engagement with the Boston Museum, he sailed for England, discouraged, after spending but two weeks in the United States.

MADE DEBUT IN 1876

His stage debut was made in 1876 under the name of R. Hudson, when he appeared as the sergeant in "Arrah-na-Pogue." Continuing through the provinces, he supported such actors as Charles Matthews, Barry Sullivan and Dion Boucicault, and made his second trip to the United States and his first appearance on the American stage in 1878 at Albany, N.Y. in "Romeo and Juliet" with Mme. Modjeska.

His first tour of the United States was made in 1882 when he began at the Grand Opera House, New York, as Sir Clement Huntingford in "The Merchant of Venice" and "Macbeth."

Mr. Mantell was born February 7, 1854, at Irvine, Scotland, the son of James and Elizabeth (Bruce) Mantell. He was twice married and has two sons, the children of his first wife, and one daughter by his second wife, Charlotte Behrens, a well-known actress.

Mr. Mantell lived for years at the Lamb Club, New York.

SHIPS HUNTING MISSING PLANE

(Continued from page 1)

Of the sixteen men who left here aboard the dirigible for the North Pole on May 23, only six were known to be alive to-day. One man was killed and three others have been missing since they started over the ice on foot for land. Gen. Umberto Nobile is aboard the base ship here, and five men are still marooned on the ice near Foy Island.

Fog and snow at Spitzbergen

continued to day and prevented any attempts by rescue parties.

The Italian naval attaché at Stockholm informed the rescue workers that the Swedish Government had ordered a Fokker plane and a Swedish flying boat were waiting at Virgo Bay for the fog to lift.

The icebreaker Braganza was

locked to-day in the ice off North Cape. Gen. Nobile believes the search for the missing plane will be hampered by the balloon part of the Italia should be made within a thirty-mile radius of the camp of the marooned men on the ice.

Those men to-day had drifted

to about twenty miles east of Foy Island.

**SURVIVORS SAW SMOKE**

Gen. Nobile said that soon after the dirigible had crashed on the ice near Foy Island, May 26, the balloon part drifted to the east and a small column of smoke was seen rising from it after it had gone about six miles. The balloon then crashed, nothing has since been heard of the six men aboard.

DELEGATES AT HOUSTON

HAVE FIST BATTLES

(Continued from page 1)

The chairman quoted a pronouncement against the imposition of any tariff for public office that the fuse took fire.

A delegate from Mississippi, which is expected by many Smith men to switch to the New Yorker, burst into the centre aisle bearing aloft the Mississippi state standard. At once a parade began about the hall. In the platform, and then just until Carolina and Alabama sat silent until their standards and draw them by main force into the parade. In the tumult two policemen came to the aid of the resisting delegates and the standards were replaced. A moment later similar trouble broke out about the Georgia standard, and then just as the ten-minute demonstration was at its height, a second attempt to bring the North Carolina standard into the required number of a half dozen policemen to quell.

STANDARD BROKEN

The standard of North Carolina was broken in two before the demonstration ended.

The disturbance broke without warning, near the end of the short morning session of the convention devoted to hearing Senator Robinson's speech and disposing of routine business.

Nominating speeches probably

will be heard at to-night's session. A Houston, Texas, June 27.—A rallying cry for drys went out to-day as the prohibitionists rounded up their troops to force a roll call vote in the Democratic National Convention here on the adoption of a plank calling for enforcement of the Eighteenth Amendment.

Scouting the nomination of Governor

Smith of New York as candidate for the Presidency of the United States, the drys were determined at least to get a "bone dry" plank in the platform, and ways and means were discussed at an opening rally last night, attended by delegates from about a dozen states.

Governor Dan Moody of Texas, who

with Senator Glass of Virginia and Joseph Daniels of North Carolina, is leading the contest in the resolution committee for a bone dry declaration, urged a fighting formation. To-day the call was out for a general meeting of dry delegates to be held in the First Baptist Church.

Representatives of several states

were loud in their demands last night for a bone dry declaration.

It is the belief of the dry leaders that they will be able at least to get the delegates on record in the convention on a roll call vote, regardless of the outcome of the dry issue.

## DR. TOLMIE'S STRANGE IDEAS

DR. TOLMIE HAS BEEN TELLING THE people of the northern ridings that we must take care of the people here "before we encourage any large immigration settlement schemes."

No doubt most people will be astounded at this extraordinary statement from the leader of the opposition party. Not so long ago at Ottawa he and his Conservative colleagues in the House of Commons and on the public platform were trying to make out that the Dominion Government's immigration policy was not bringing in enough settlers and that it was preventing many British migrants from coming because certain restrictions appeared to discriminate against them in favor of the foreigner. The mere fact that Canada has been getting more British people than any other Dominion or foreign country for many years did not impress either Dr. Tolmie or his colleagues in the least. A certain amount of political capital had to be striven for and any recognition of facts would have spoiled their little game.

Now Dr. Tolmie would slow up the flow of immigrants. What will The Colonist say to this? We recall, of course, that when the Provincial Government a few years ago took steps to bring more people to British Columbia it said plainly that until we could find every newcomer a job on arrival, he should not be induced to come. But of late it has been clamoring for more people.

Just what does Dr. Tolmie mean when he says that we must develop our natural resources, manufacture our raw materials, if he does not want to bring in more people to create the market for the goods he wants British Columbia establishments to manufacture? Verily he talks in riddles.

## FOOLISH INSTRUCTIONS

THE TIMES IS INFORMED THAT THE city police have been instructed to withhold information on motor-car accidents from the press. Whoever is responsible for those instructions is adopting a course in this matter which is directly contrary to the public interest. The publication of information from official sources regarding mishaps of this kind, especially those which have serious consequences, is necessary to the public safety. It reminds motorists of the hazards which constantly confront them, emphasizes the dangers involved in reckless and careless driving, and impresses upon pedestrians the urgency of equal care and vigilance in their movements on the city streets.

All this is so obvious that it is difficult to fathom the motives of those from whom these instructions have come. Are we to assume that the police authorities feel that they are unable to enforce the laws governing motor traffic, that they have thrown up their hands, and hope that by refusing to divulge to the press information of accidents they can keep the public in the dark on this aspect of the situation? That would be futile, since reports of accidents are bound to become public in any case, only they would not be as accurate as the information which would be in the hands of the police. Besides, it would be an unmerited reflection upon our admirable police force. We would point out to the police authorities that it is more important in the public interest to give out information concerning motor-car accidents than it is to report raids on Chinese gambling houses.

Incidentally, it should not be forgotten that the police department is not a private corporation but is a public institution maintained by the taxpayers of the community. Necessarily much of the information it obtains in connection with its enforcement of the law, prevention of crime and the apprehension of law-breakers cannot be given out; but publicity about motor-car accidents is desirable both for the protection of the public and from the standpoint of the police in the performance of their duties. Freak orders of the kind we have mentioned serve neither purpose, but they certainly reflect upon the intelligence of those responsible for them.

## THE CRIMINAL'S FAMILY

SEVERAL CASES OF MARRIED MEN with families having to go to jail for fairly long periods in Ontario have produced a controversy among some eastern newspapers in respect of the plight in which wife and offspring are left. The Stratford-Beacon Herald points out that "eighteen to thirty months imprisonment for the husband means eighteen to thirty months hard labor for the wife."

This is all too true. The innocent have to suffer for the guilty. In most cases the family feels the pinch of hunger. The prisoner, apart from the mental anguish which all but the hardened culprit suffers, does not have to worry about food, clothing, or shelter, meagre and unlovely though they may be.

This leads The Toronto Star to suggest that

the family whose wage-earner is taken from it to serve a term in a penal institution at least should be assured that the money which he earns while in prison will be available for his family's needs. This, it says, should be the law.

There is a difference between coddling the felon and protecting his family against all the ills which may beset it. The point which has arisen is one that should command attention. Many a family left to its own devices might easily produce additional criminals. The kind of ostracism to which it often is subjected is dangerous.

## THE SECRET OUT

ONE PART OF THE VANCOUVER Daily Province staff correspondent's report of Dr. Tolmie's meeting at Burns Lake the other day contains a sentence credited to the opposition leader which will go down as one of the gems of the campaign. He was speaking of disappearing timber stands and then went on to say that "the salmon run was declining—another factor in the past prosperity of the Province." After which he asked his audience if it was not time and good business to proceed with development along sane and scientific lines.

Now we know why the salmon run has been declining during the last few years. That Liberal Government was at its foul work all the time. Think of the time and labor which the International Commission has put in, the treaties that have been drawn up by Canada and the United States, when all it had to do to make more sockeye run to the Fraser and spawn was to give the Government its marching orders and let Dr. Tolmie encourage the fish on "sane and scientific lines." What could be simpler?

After having been told all about this salmon run business, however, it is not so difficult to appreciate the significance of other phenomena. We have been wondering why it is that on some days there is a very noticeable shortage of sunshine. It's as clear as a pikestaff. The baleful influence of Dr. MacLean and his Government is responsible.

What about that sea serpent which has been at large in Okanagan Valley waters? Why has it not been caught? Simple; how could a Liberal government put an end to its cavortings and snortings. The thing is not done, of course, but Dr. Tolmie soon would have the salt on its tail.

Dr. Tolmie's reference to the salmon run—to preserve which, of course, the present Government took active steps early in 1918, only to be balked on every occasion by the action of interests over which it had no control—is just about as constructive as most of the material which his manifesto contains.

## CANADIANS COMING BACK

ACCORDING TO THE HALIFAX Herald—an influential Conservative Nova Scotia newspaper—Nova Scotians are returning in large numbers from Massachusetts and other states of the neighboring republic. This journal also says that conditions throughout the province are much more satisfactory than a year ago.

The Toronto Star also notes that a report from Montreal indicates that a great many French-Canadians are returning to Quebec from the United States, the movement promising to be of very considerable size.

What is going on in the East, of course, is going on in the West. Former Canadians in the United States obviously are satisfied that conditions in Canada are favorable enough to attract them. For the last two years the monthly influx has been near the five thousand mark.

All this confirms what many times has been said. The lure of the bright lights across the border has been too much for some of our people; but apparently they have realized, to quote the old adage, that all is not gold that glitters.

Conditions in Canada for the last four years have been improving all the time. Our Conservative friends are very difficult to convince; but there are certain facts and figures which no amount of political manoeuvre can alter.

## WHAT OTHER PAPERS SAY

FLUNKYDOM UNWELCOME  
The Toronto Globe

Travelers notoriously like to tell vivid stories to their friends at home. Perhaps, as the High Commissioner so promptly intimates, Mr. Stevens was just furnishing his tale about flunkymism at Canada House with a few innocent, if imaginary, embellishments. The tale, however, emphasizes the possibility of unwelcome tendencies at Canadian headquarters abroad.

There is some truth, if more imagination, in all these comic operas or nursery rhymes about the great Kingdom of Flunk. The flunkies love to bow, to scrape, to relay messages and "to pass the buck." Put a certain type of man in uniform, swathe him with gold braid, cap him with plumes, and shoe him with spurred boots, and he just naturally blossoms forth into that insufferable type of "servant when he ruleth."

Canada is apparently determined to plant an increasing number of quasi-diplomatic stations in the great world capitals. It is essential that they represent this Dominion worthily—even in little things. Every veteran knows that smartness, ceremonial and discipline may be made useful servants of any corps. But they show a constant tendency to become, not servants, but masters.

Canada should always be represented with dignity and grace. She should never be misrepresented by flunkymism or flunkedom.

### PRE-EMPTIVE BIDS

When to make a pre-emptive bid and when not to do so is explained in the following illustrative hands:

Hearts—K Q X; spades—A K X; diamonds—none; clubs—A K J X X X X. This is a very strong hand. It holds support for either a spade or a heart bid. There is no necessity of pre-empting, as there is nothing to fear. Clubs may not be the best game going declaration. Encourage bidding on part of partner to determine best declaration. Encourage bidding on part of opponents, as you may collect large penalties. Bid one club.

Spades—K Q X X X; hearts—K; diamonds—Q X; clubs—X X X. To pre-empt, bid three spades, to shut out a possible heart bid. If you were to bid one spade, it might encourage partner to show hearts, and you have no support for hearts.

Spades—K X; hearts—K Q J X X X; diamonds—A Q J X X X X; clubs—X X. This hand is weak in spades, and in all probability opponents hold great strength in hearts. Bid four spades to shut out all bidding. Hand is valuable for any other game-going declaration.

Spades—X; hearts—K Q J X X X; diamonds—A Q J X X X X; clubs—X X. This hand is weak in spades, and in all probability opponents hold great strength in hearts. Bid four spades to shut out all bidding. Hand is valuable for any other game-going declaration.

### ORIENTAL EXCLUSION

To the Editor:—I see by the expansive and ornate manifesto or party platform issued by Dr. S. F. Tolmie that the old "Red Herring" used and swiftly buried

## JOTS FROM GEOGRAPHY

THE oldest frame dwelling in the United States has been standing since 1636, Jonathan Fairbanks, a newcomer to the settlement at Dedham, Mass., set up this home in the wilderness, and his family for eight generations have lived under its roof. Night and day the dwelling is guarded against fire, and the utmost care is taken to preserve it as an American shrine.

## Kirk's Wellington COAL

"Does Last Longer"  
Phone 139

Twenty-one years ago, has been quietly reconstructed by the thoughtful doctor, to be applied across the trail of the working man as it was on the former occasion. This red herring was known in 1907 and 1908 by the name of "Anti-Asiatic Exclusion League," and was fathered by Senator J. D. Taylor, previous to, and during, his election campaign in 1908. I, like many others at that time, stupidly fooled by the slogan used by the Conservative candidate and the party. The slogan was "A White Canada." The personnel of the New Westminster branch of the league was as follows: President, Mr. Tom Turnbull; vice-president, the writer of this letter; secretary, Mr. R. A. Stoney; treasurer, Mr. J. D. Taylor. I may point out that the members of the league (and Hindu) question at that time was at a very acute stage, owing to the financial and industrial conditions both in Canada and in the United States. The work was both very scarce commodities and the white population in ripe readiness to swallow any "hook and buncombe" dished up that savored of "brethren" who little work there was for themselves.

Enthusiastic meetings were held under the aegis of the Conservative banner and hundreds of members, both in Vancouver and New Westminster, enrolled, and supplied with a button emblazoned with the hopeful thought "A White Canada," printed on the national emblem, the Maple Leaf.

The campaign speeches so inflamed the idle workers, that the mob got out of hand and culminated in the famous (or notorious) "Vancouver Chinese Riot," for which the City of Vancouver had to foot a bill for many thousands of dollars and many poor, deluded rioters paid fines or went to jail. But was any punishment meted out or damage claims presented to the primary instigators of the miserable and fraudulent fiasco? No, sir. Mr. Taylor won his seat at the Royal City, and left the rioters who had swallowed the red herring, head, skin and tail to hold the bag the party served it in. After the election, primarily fought on the "Anti-Asiatic Exclusion" ticket, did the worthy champions of the white man's right for a "White Canada" assault the Federal House when the riotous abandon used in the election campaign? Not on your life! The child conceived, begotten and fathered for election purposes was placed in cold storage and it has now attained its majority and the new leader of the Conservative Party in British Columbia has adopted it; is now endeavoring by the power of his sunny personality to bring it back to a very short and useful life and activity, and lest any persons possessing very recent memories should recognize the old baby, has rechristened it "Oriental Exclusion." But is the self-same baby in new clothes? I know it, for I was at its first christening party in 1907, and was also one of its hundreds of blind worshippers. It followed it during its short, active life; and was one of its badly-fooled mourners, when it was quickly and ignominiously interred in the "grave" of the "Red Herring" where it has lain for twenty years. I do not presume to know by what miserable quackery or legerdemain the over-estimated new leader of the British Columbia Conservative Party expects to again befoul the workers of this Province—for it is specifically for their presumed gullibility the thing is prepared—but I do know, and Dr. Tolmie knows perfectly well, that the rotten baby he is foster-fathering is a purely election illegitimate one, and stinks to high heaven, and in the nostrils of the people who know. Twenty years is too long for any party to lie dormant on a question of such vital importance to the population of this Province, and only for the sake of the Hon. Attorney-General has he, and a consorted and feeble champion of Asiatic exclusion, and that the election is on its way, in resurrection party would have assembled at the "Red Herring" house of the British Columbia.

Mr. Manson did not wait for election fever to tackle the question. And he has not concealed this attitude to the local arena. He inspired and carried through considerable research to obtain reliable and valuable data to support his case, and extended the field of his operations to the "Red Herring" itself. But stolen thunder does not reverberate to any extent. It is but a faint echo of the original clap, and the new leader of the "Red Herring" is so weak after its long interment that its voice will be drowned by the shouts

of rejection emanating from insulted citizens.

Is there a reason for this diatribe against a party that I was once—not so long ago—a loyal member of? There are many reasons, and there is a limit to any man's loyalty. The famous Kamloops Convention was mine. And to be asked to follow a leader who was not a leader was too much. To be asked to follow and support a party whose only definite policy is to support the "spirit" democracy and beneficial legislation does not accord with my known views on these questions. The social legislation enacted (not the spirit of it) by the Liberal Government of British Columbia is in full accord with my democratic views. I got sick of hearing "We thought about that first!" "We were going to pass that when (and) we got in power!"—that with the passage of beneficial and humane legislation, and more important, its early operation by the Government, I was, and am, satisfied that the hopes of the workers have attained, or are attaining, fruition, and a contented and prosperous population are beginning to

## Would you sacrifice Permanency?

enjoy some real and tangible benefits—not airy promises, forgotten soon after election.

I am not forgetting, and I trust others in line (I am not, won't be) are not, the miserable excuse given for the attempt to block old age pensions. And but for the persistence and real honest endeavor and purpose of the Liberal Government of British Columbia to see the thing through, I doubt if such a measure would yet be on the statute book of this and several other provinces. Finally, the new road, now being constructed along the West Coast of this island was thought about by Mr. Pooley—at least he declared he thought about it—for some years.

That, of course, is quite in line with the "spirit" of their views.

But it remained for the present (or

## TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, June 27, 1903

There is a rumor to the effect that important improvements are in contemplation in the business portion of the city. It is said that a syndicate representing English capital has in view the purchase of the property on both sides of Trowell Alley with the object in view of converting the alley into an arcade, with business places fronting into it from both sides.

Plans were published in The Times of the new Carnegie library to be erected on the corner of Yates and Blanshard streets. The plans were submitted by Messrs. Hooper & Watkins, which was awarded the first prize in competition.

Weather Forecast—Victoria and vicinity—Light or moderate winds, unsettled, with showers to-night or to-day, not much change in temperature. The steamers Don and Ping Pong will leave their landing next to the Victoria Yacht Club house every hour, starting at 1.30 p.m. until 8.30 p.m. The fare is 10 cents.

Rev. W. Leslie Clay, B.A., will officiate at the morning service at St. Andrew's Presbyterian Church to-morrow morning.

The special tram car service for Sunday mornings will be inaugurated to-morrow and will be appreciated by sportsmen and others wishing to travel up the E. & N. Railway. The service provided for a car from each terminus leaving in time to connect with the 9 a.m. train up-island.

An organization which has been attracting the attention of Victorians considerably of late is the Young Men's Christian Association. The energy and zeal which have been displayed in the endeavor to make this institution a success have already resulted in placing it upon practically and independent basis.

After a trip to the northern end of the island on the West Coast the steamer Queen City arrived yesterday afternoon with a large list of passengers.

Mr. P. Shaw, Mrs. Shaw and Miss Lugin came over from Seattle this morning by the Steamer Rosalia.

## INTERMEDIATES OF ST. ANN'S CLOSE

Premiums Presented at Annual Exercises Yesterday

The closing exercises of the Intermediate Grades of St. Ann's Academy were held yesterday afternoon in the auditorium of the convent which was effectively decorated with baskets of Spanish broom which filled the high window ledges about the room, while tall brass vases of Summer blooms flanked the stage, where St. Rev. Monsignor Leternie, V.B., presided with Rev. Father Evans, rector of St. Andrew's Cathedral; Rev. Mother Provincial, Sister Superior, the Mistress of Studies and many members of the teaching staff.

The children of the Intermediate Grades marched into the auditorium at 2 o'clock and occupied the seats in the centre of the auditorium. An opening chorus, "The Dawn is Breaking" (Parlow), was sung prettily by the Fifth and Sixth Grades, followed by a duet, "Le Trot du Cavalier" (Spindary), played with much skill by D. Simpson and V. Elwood. A group recitation, "Our Studies," was given by the Juniors and well applauded. A chorus of Juniors sang very sweetly "The Little Dove."

All the classes stood while Patricia MacDonald read "A Tribute of Gratitude," and then sang in joyous unison.

"I Love the Merry, Merry Sunshine." Rev. Monsignor Leternie introduced Father Evans, who advised the children to prove their love for the merry, merry sunshine by following during their holidays the old adage, "Early to bed and early to rise," thus enjoying all the hours of sunshine possible, and to wear smiling faces and to keep happy hearts. The class song brought the programme to a close.

## JOSEPHINE GROWS UP

Hollywood, Cal., June 27.—About three years ago Paramount Studio executives decided to establish a training school in New York for young screen prospects. The school flourished for about a year and was abolished. Out of it came several good male actors but only one feminine success.

That feminine success was Josephine Dunn. Josephine was brought to the "Hollywood Studio." As she was then just approaching her eighteenth birthday, all she could play were the sweet-ingenue roles.

Josephine grew older, faster in appearance than in years. But as far as her bosses were concerned, she was still the same sweet-ingenue type. They couldn't see her growing up. And so last December when the time came for renewing her contract, the girl was released.

Never was a girl out of work at a more critical time. Hollywood was a morgue. One after another the studios closed their gates during January, February and March. There was no production activity. But Josephine didn't quit. She kept trying—and hoping.

And now the blonde Miss Dunn is a leading lady, having just finished playing opposite William Haines in "Excess Baggage." More than that, she has a brand new five-year contract with Metro-Goldwyn-Mayer and is considered one of the "finds" of 1928.

The M-G-M crowd didn't know her when she was just approaching her eighteenth birthday so when she applied there for a job, they saw her as a beautiful leading lady prospect. Her first picture was the one with Haines which she just finished. She made good in it and will soon start work in another one.

The fact that she used to do a little dancing proved valuable to Josephine in "Excess Baggage." Cast in the role of a stage dancer, she was forced to pick up some new steps which the remainder of the chorus had been practicing for several weeks.

"I am happy over here," Josephine exclaimed. "Over on the Paramount lot they treat me like a baby. Most I am treated like a grown person—and it seems so good!"

Josephine Dunn... has changed studios.

Lean, Iris Gaskill, Sadie Gibbs, Mary Heppell.

**POPULAR TEACHER  
RESIGNS FROM HOME**

Miss Baker, for fourteen years primary teacher at the Oriental Home for Girls, Cormorant Street, retired from that position at the closing entertainment of the kindergarten yesterday. Miss Martin, superintendent, paid tribute to Miss Baker's excellent work on the staff and several presentations were made to her expressive of the general regret at the severance of the happy association.

The pupils and staff of the home will move to-morrow to their Summer home at Cordova Bay. Mrs. Hamilton of Toronto, secretary of Oriental work for the United Church of Canada, inspected the home yesterday afternoon and expressed her pleasure at the spirit and efficiency of the administration.

## YOUR BABY and MINE

By MRS. METER MAREK

Mrs. Marek will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

**BABY BEING WEANED FAILS TO GAIN AS USUAL**

Mrs. C. M. writes: "I am weaning my seven-months-old baby, as it would be too warm when she is nine months old. She gets three bottles now, and when I give the 7 a.m. nursing next week she will be entirely weaned. She now gets five ounces of milk—three of water and one teaspoon of sugar to each bottle. I intend to increase to six-two and then seven-ones."

"What bothers me is her constipation. She weighs seventeen pounds, and I am trying to train her to the stool, but have to give milk of magnesia every day. She hasn't been gaining since teething. She also gets prune and orange juice, cereal and soup."

"My two-year-old boy weighs twenty-nine pounds and has been fed according to your leaflet. He has never been ill a minute, not even with a cold."

"My neighbor has two healthy youngsters. She does not believe in milk or meat. Her children are large and sturdy and she feeds them this way: Breakfast, glass of water, cupful of cereal with honey and milk; fruit and toast; lunch, baked potato and cottage cheese, two tablespoons of vegetable, bread and oatmeal cookie; dinner, shredded wheat or some other cereal, bread and cookie. Shall I change my diet for hers?"

"I should like to have some suggestions on training the bladder. I am having a terrible time and my patience is about exhausted."

**ANSWER:**

You must not expect the baby girl to gain much while being weaned, as a weak formula that is in the process of being strengthened slowly to the one correct for the child's age and weight will not likely cause a gain. Be satisfied if the baby is well and happy, even if the weight stays stationary for a week or two. Later the gain will begin again.

Use a suppository each day while training to the stool. Increasing the amount of sugar in the formula will help a lot, too, as you are using much less than the usual amount given at this period, which is four and one-half level tablespoonsful. One of the malt sugars will be found more laxative than cane sugar. Try this first.

Your neighbor thinks she is against meat and milk, but as long as she uses cottage cheese and milk on cereal she is not living up to her prejudices (which are absurd by the way). Milk is the most perfect food which can be given to growing children. Meat is one of the complete proteins and while a child taking enough milk does not need much meat, a growing child can hardly do without both of them permanently and not suffer for it. Of course, cheese is milk in another form, and milk in any form is still milk. Please send a self-addressed and stamped envelope for leaflet on training the bladder.

## Your Little Daughter

A father loves his daughter, not more than his son but differently, just because she is his woman-child. If financially able he gladly supports her in case she doesn't marry, and if she does, still likes to contribute to her comfort.

And he wants to make her FUTURE SAFE. That is why fathers like the Income Plan which will guarantee, when they are gone, a monthly LIFE-INCOME to their "little girls." Let us show you a plan for your daughter.

## Baptists Invited To Washington, D.C.

Toronto, June 27.—The standard of run and nullification "was being raised at the convention of the Democratic Party of the United States at Houston, Texas, declared Hilton Jackson of Washington at yesterday's session of the Baptist World Alliance here. Mr. Jackson was inviting the Alliance to hold its next congress in Washington. He urged the Baptists to go to the United States capital to lend their help in establishing a final settlement of the liquor problem, which if once settled in the United States would be settled for the world. To the Canadian Press, Mr. Jackson declared the nomination of Governor Smith of New York for the Presidency of the United States would result in the greatest political turmoil in the republic since the days of Lincoln. He declared the Governor would attract to his standard all the discordant element in the country who believed the state had no right to regulate the actions of the individual.

The Eighteenth Amendment never would and never could be repealed, he said. Berlin, Germany, is Washington's competitor for the next congress.

### THREE MEN LOSE LIVES

Lawrence, Mass., June 27.—Three men were fatally injured when a freight elevator in The Eagle Tribune Publishing Company's building, had dropped to-day, George Levesque, fifty-three, was almost instantly killed. George Babb, sixty, and Dan Lyssathe, thirty-two, received injuries from which they died.

## Good-Bye Corn!

Lifts Right Off—No Pain

Doesn't hurt one bit. Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tin of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot callouses, without soreness or irritation.

## MAKES SOUR STOMACHS SWEET

In Five Short Minutes—Can't Beat Bisurated Magnesia to End Indigestion—Gas!

When your stomach burns with gas and the sour acid indigestion of fermented food—just take a teaspoonful or two tablets of Bisurated Magnesia and quick and certain relief is yours! Folks whose stomachs—either chronically or just occasionally—won't perform properly, find in pure Bisurated Magnesia a safe, sensible, pleasant, economical and never failing means of avoiding all symptoms of indigestion or after-eating distress. They eat what they please and their digestive organs behave because Bisurated Magnesia prevents the formation of the gas and excess acid that causes indigestion. Used either to prevent or to correct indigestion, you can't beat Bisurated Magnesia which is obtainable from any well stocked druggist in either tablet or powder form. Do not confuse with Milk or Citrate Magnesia, and be certain the Magnesia you take is Bisurated. The first trial proves its great value—try it to-day, sure!

## ADVERTISERS FROM EUROPE TO MEET

International Advertising Association Convention in Detroit July 8

More than 100 prominent advertising men and women, publishers, manufacturers and publicists from a dozen European countries, will cross the Atlantic late this month to attend the twenty-fourth annual convention and first advertising exposition to be held under the auspices of the International Advertising Association in the Masonic Temple, Detroit, July 8 to 12.

A party of more than fifty, including a number of women executives and led by Max Riesebrodt, first chairman of the Association of German Advertising Men, sailed from Bremen June 21 to attend the convention and to study advertising methods of this country. Following the Detroit visit they will inspect various newspaper and industrial plants in New York, Philadelphia and Pittsburgh.

The British party, numbering between twenty and twenty-five members, will be headed by Commander H. S. H. Ellis, R.N. In this party will be Percy Watson, of The Morning Post, London; R. J. Owen, of The Newcastle Chronicle, and other newspapermen.

Dr. Knecht and M. Renier will represent the French press at the Detroit gathering, while another prominent member of this party will be Eienne Damour, recently re-elected president of the Continental Advertising Association.

There will also be delegations from Spain, Holland, Italy, Sweden, Switzerland and other European countries. Featured on the general sessions' programme the morning of Wednesday, July 11, will be address by Commander Ellis, representing Great Britain; Dr. Knecht, representing France; and Max Riesebrodt, head of the German delegation. These addresses, as well as others of feature speakers in the main sessions, will be broadcast over the station WGHF. A Canadian speaker also is to occupy a place on the programme.

The presence of such representative executives from overseas will, it is believed, do much to bring into closer co-operation the business interests of these countries and of America, and to tend to extend materially the application of American advertising methods to European distribution programs.

Arrangements are being made to welcome the foreign delegations and have them as guests of honor at a special luncheon, following their arrival in Detroit.

## Sidney

Sidney, June 27.—Miss Margaret Cochran left on Saturday for Vancouver, where she will spend two weeks visiting. While there Miss Cochran will be the guest of Mrs. Ernest Almond.

Albert E. Johnston, of Nanaimo, is spending a few days in Sidney renewing old acquaintances.

Mrs. Major H. G. Napper, of Brandon, Man., arrived on Friday and will spend a few months at her summer home at Patricia Bay. Mrs. Napper is accompanied by her daughter, Mrs. Ferne, of Victoria.

George Reid, of Sampson Narrows, spent two days this week on business in Sidney.

C. Reid and Len Bowcott, of Victoria, spent the week-end at Sampson Narrows as the guests of George Reid.

James Critchley, Beacon Avenue, paid a visit to Fulford Harbor on Sunday, and was the guest of Al Raynes.

## Langford

Langford, June 27.—The prize distribution for the junior school took place on Monday afternoon.

Mrs. W. T. Dixon, in the absence of the trustees, presented the prizes and honor rolls.

The prize for spelling in the junior division was won by Jean Clarke for most improvement in the year's work. Harold Oswald Hincks, Stanley Jackson and Tom Dixon received prizes for having the best window box.

The award for good work in Grade 4 was won by Stanley Jackson; Grade 3 was won by Wilbur Pearce; Grade 2 was won by Rex Jackson and Grade 1 was won by Molly Dixon.

The roll of honor for proficiency went to Stanley Jackson; the roll of honor for regularity and punctuality to Wilbur Pearce; the roll of honor for general conduct was won by Marjorie Tomkin.

Promotion from Grade 4 to 5—Stanley Jackson, Jean Clarke, Tom Dixon, Victoria Wilson, Deryl Yates and Hamish Bullen.

Grade 3 to 4—Wilbur Pearce and Betty Cooney.

Grade 2 to 3—Marjorie Sing, Rex Jackson, Kathleen Wilson, Oswald Hincks, Grace Cockerton, John Bullen, Frank Sing, James Duncan, Marjorie Tomkin, Henry Bennett and Alfred Dixon.

Grade 1 to 2—Molly Dixon, Donald Clark, Glenys Smedley, Claude Hincks and Margaret Brotherton.

Grade 1B to 1A—Ernest Foster, Olive Cockerton and Patricia Cooney.

Grade 1—Billy Ord and Billy Pimlott.

The school picnic will be held on Friday. Anyone willing to aid with transportation should be at the schools at 11 a.m. to convey the children to Ocean Beach Lagoon. Beverages will be supplied, but food, cups, etc., should be provided for two meals.

F. H. Le Quenne of Goldstream Road is over on the Mainland on a business trip.

Mrs. Grioux and Miss Ritchie of Seattle, were visitors to Mrs. Ernest Le Quenne on Friday.

Mrs. and Miss Compton-Lundie from Duncan are visiting Mrs. H. C. C. Bennett of Senechal, Langford Lake.

Mr. and Mrs. Dawson of Victoria have rented J. Melville's bungalow "Lafalot," Langford Lake, for the summer months.

## Metichosin

Metichosin, June 27.—The annual picnic and sports of the Metichosin School will be held at Wells Beach on Friday, June 29, at 2 p.m. It is expected that all parents and friends will attend to give the children an enjoyable time.

Dr. J. C. Foster, dentist of Victoria, has opened an office at Sooke, opposite the Sooke Supply Store, and will be at this office every Saturday from 2 p.m. to 5 p.m., excepting July 14.

TWO LOWER CLUBS HOLD SPOTLIGHT

Washington and Brooklyn Beginning to Get in Race For Major League Honors

Latter Jump From Fifth to Third Place By Double Win; Giants Strengthen

The daily shift of baseball fortunes finds the Washington Senators and the Brooklyn Robins holding that part of the spotlight not devoted to the pace-setting clubs, the St. Louis Cardinals and New York Yankees. Stanley Harris started off the season with a Washington lineup that consisted mostly of question marks.

Before he could get the boys working together, the Senators had tumbled into the cellar and apparently were more or less satisfied to stay there. A few weeks ago, the pitchers decided they might as well pitch and the batters arrived at the conclusion that it might be fun to hit once in a while.

Washington began to win with a frequency that was good to the hearts of the experts who picked Washington to fight it out with the Yankees. Today the Senators are in fourth place, 3½ games behind St. Louis Browns, 3½ behind the high-powered Dodgers. The Robins' troubles at Brooklyn have been somewhat different. The Dodgers burnt up the first few weeks. Then a couple of Wilbert Robinson's troubles at Brooklyn began to trouble the Robins. The Dodgers soon renewed its rather intimate acquaintance with the second division. However, the high-powered Dodger staff is operating on all sixes and Robbie's famous smile is on display again.

FROM FIFTH TO THIRD

Robbie almost laughed out loud yesterday when the Dodgers beat the Braves twice at St. Louis, jumping from fifth place to third, leaving over the Chicago Cubs and Cincinnati on route. Bill Clark stopped the Braves in the first game 5 to 1, and the ninth scored the winning run in the Robins' half 6 to 5 victory in the second.

The New York Giants strengthened their position in second place with their third straight victory over the Phillies, 7 to 6. The Giants made 18 hits.

The Cubs finished all square in a double-header at Chicago with the Pirates. Burtleigh Grimes put the Pirates up with a victory in the first game 1 to nothing.

Miljus, Burwell and Dawson; however, could not stop the Cubs in the second, and Chicago won 7 to 3.

Barnes, Senator outfielder, hit two homers that helped Washington beat the Athletics 4 to 3. The Mackmen dropping more ground to the Yankees in the American League race. Milton Gaston held the Athletics to 3 hits.

MAKING GOOD

Here's the Otis Brannon part of that Kress-Brannon riddle combination with the St. Louis Browns you have been hearing so much about this season. Brannon has not been the hitter that Kress has been and perhaps is not as good a fielder. But he's been plugging away steadily at his job and has shown Manager Dan Howley that he has the stuff in him. He, like Kress, came up this year from the Tulsa, Okla., farm of the Browns.

G. Shields and "Ossie" Ryall Eliminate Seattle Stars in P.N.W. Tennis

Meet Wally Scott and Smith in Finals; Play Continues in Clay Court Tourney

Vancouver, June 27.—Eliminating Howard Langlie and Lloyd Nordstrom, Seattle, in five stirring sets, Gordon Shields and T. O. "Ossie" Ryall, Jericho, entered the final in defence of their Pacific Northwest sectional doubles tennis championship at the Jericho Club's courts on Tuesday.

The scores were 11-13, 6-3, 6-2, 3-6, 6-4.

The champions were to meet Wally Scott and Sid Smith of Tacoma, in the final this afternoon at 3 o'clock. Shields and Ryall had beaten Noel Radford and "Bud" Hocking of Victoria, 6-4, 6-3, 6-4, in the morning, to enter the semi-final. Scott and Smith did not advance to the final without a hard battle with Rhodes and A. S. Milne, of the Vancouver Club, the scores being 6-4, 6-4, 8-6.

Langlie and Nordstrom entered the semi-final only after dropping a set to Don Lewis and B. Johnson, Portland. The scores were 6-1, 7-5, 4-6, 6-2.

The results follow of the British Columbia clay court championships:

PRETTY FORM? YOU BET!

This Explains Why Jole Ray Is Called the Perfect Runner in Action.

One look at the above picture explains perfectly why Jole Ray is the perfect runner—in action. The form of the little Chicago taxi driver, who turned from a premier runner into a great marathoner, has long been extolled by the coaches as the perfect style and it seldom has been shown as it is in this picture. His is the driving style with the muscles of the legs and shoulders arising as pistons while Nurni's style is more that of a looper.

SOFTBALL THREE TEAMS ARE NOW TIED

Hillcrest took the measure of the Cordova Bay nine in the softball game last night at Work Point by a score of 30 to 6. The winners of the first half of the schedule were much too strong for the boys from the Bay.

With "Chuck" Boden playing a perfect game at first base, the Foresters sent the Cameron Lumber Company lads down to a 15 to 0 defeat in the first quarter.

The only close game of the evening was that which the Y.M.I. won from Wilson Bros. by a score of 9 to 8 at Central Park. At the same grounds, the Navy battled their way to a 27 to 9 win over the Engineering School.

BATEAU WINS AT AQUEDUCT

Daughter of Man-of-war Captures Stakes For Fillies; Kentucky Ace Is Winner

New York, June 27.—The Gasselle stakes for fillies, feature at Aqueduct yesterday, went to William Jeffords' filly, daughter of Man-of-war, and Equipa. Bradley's Peggy, the favorite, was second, and Twittr third. Bradley's Peggy jumped off to an early lead, held her advantage to the stretch where Pony McAttee brought Bateau up fast. Bradley's Peggy was run out and could not meet the Bateau challenge.

The Jeffords' filly drew away to win by two lengths. Bateau, covering the mile and one-sixteenth in 1:45 2-5, rewarded her backers of \$320.

Latoria's feature, a claiming affair, for better-class players at a mile and seventy yards, went to Al Ferguson's Kentucky Ace. Fire On was second and Tempest third. Little Colonel led the field for three-quarters of the distance and then tired badly. Kentucky Ace outgamed Fire On to win by a head. One of the longest shots of the season came home in the seventh race when Tanager paid \$123.00 to 62 to win.

Polls romped off with \$12,000 Beamsville purse for three-year-olds at Hamilton. Royal Watch took the place and Miller's was third. The time for the mile and seventy yards was 1:46 3-5.

On July 2 a mixed foursome sweepstake will be held at the Victoria Golf Club consisting of eighteen holes medal play, one-half of the combined handicaps will be allowed, but no competitor to be allowed more than thirty the handicap of a player who has a partner with a handicap of eight or less shall be limited to twenty-four.

Players may choose their partners and opponents and arrange their starting time and may play either in the morning or afternoon. Entrance fee \$1 per couple, and two prizes will be awarded. Post entries may be made.

RACING STARTS ON SATURDAY

400 Horses Stabled at Lulu Island For Meet at Lansdowne Park

Vancouver, June 27.—Everything is in readiness for the opening race meeting at Lansdowne Park Saturday afternoon. There are more than 400 horses at the Lulu Island stables to-day and special feature stake events are carded for Monday at Lansdowne.

The quality of runners for the 1928 season is being tested at Lansdowne. There will be thirty-five days racing on Mainland tracks this year practically continuous. From the opening at Lansdowne on Saturday until well down and Brighouse and at Hastings Park, until the Autumn.

There is a short break while the Victoria meetings are run off and the season finished at Brighouse Park the last few days of August winding up the seven-day meeting on Labor Day.

VICTORIA FIGHTERS TO GO EAST

C. Storch and F. Neel Will Take Part in Canadian Olympic Boxing Trials

Former Holds B.C. Light Heavyweight Title While Neel Is Holder of Two

In common with their intentions to advance and encourage all kinds of sports in Victoria, the Sixteenth Canadian Scottish have now decided to send Charlie Storch, one of their members, back to Montreal to take part in the Olympic boxing trials, to be held there on July 14.

Storch who captured the light heavyweight championship of British Columbia at the recent contests staged at New Westminster, is one of the most promising young fighters in the city, and should make a good showing in the East.

Neel, British Columbia featherweight and bantamweight champion, will also make the trip to Montreal, his trip being financed by the Machine Gun Battalion. The two boys will leave Victoria early next week and their showing at Montreal will be watched with interest by local fight fans.

The Canadian Scottish had also intended to send Mawhood, heavyweight boxer, East but owing to an injury to his hand he will be unable to make the trip.

ESPINOSA TAKES AMERICAN TITLE

Veteran Completes 72 Holes With Total of 289; Archie Compton Finishes Second

Kansas City, June 27.—The title of Mid-American open golf champion and a \$1,500 purse went to Al Espinosa, grinning little Chicagoan, here yesterday afternoon when he won the 72-hole tournament at the Lakeside Country Club.

With a score of 72 on the last eighteen holes of the difficult Lakewood course for a seventy-two-hole total of 289, five strokes ahead of the field.

Walker Hagen two months ago, threatened to the last, finishing with Espinosa in par for 294 and second money, \$900.

It was Al's scorching sub-par pace of 68 Monday, and the hole-in-one he recorded then that carried him along yesterday with an unbeaten lead. Surprisingly confident following that scorching new course record, the sunbaked little veteran slipped to a 75 for the morning round, but came back again, going out in 33, two below par.

With the title and purse bagged, Espinosa shot a terrifically erratic round, which brought his total to exactly par.

Leo Diegel, New York, tied with Compton at lunch with 222, went in par yesterday afternoon, but blew up coming home and 40, which brought his total to 282 and 10, a tie with Jack Burke, of Houston, Texas, who got two below par after lunch. Each collected \$475.

Joe Kirkwood, of Albany, Ga., the trick artist, went under par for a 71 on the final round, the first gave him 298 and fifth round 300, a total of 1,200, which was sixth, with "Light Horse" Harry Cooper of Buffalo, seventh with 301.

Anthony Manser, of Bakersfield, Cal., tied for the next place with 302.

A BIT DIFFICULT

Johnny Farrell, new National open champion, victor over Bobby Jones for that crown, found the assignment of playing thirty-six holes of scorching tournament golf on four successive days a bit difficult and dropped to 303 in a tie with O. B. Clark, Springfield, Mo., medalist, and "Wild Bill" Mehler.

Other prize winners included: J. H. Jones, Seattle, 304; Joe Turnesa, New York, 304; Rufus Decker, Kansas City, 305; Walter Hagen, New York, 306; Phil Hessler, Bristol, Okla., 306; Fred Bremer, France, 307; Gene Sarazen, N.Y., 309; Dewey Loughworth, Oakland, Cal., 311; Dave Sutherland, St. Louis, 312; Emmett Killian, Colorado Springs, 313; Horton Smith, Joplin, 315, and Ron Hancock, Wilmington, N.C., 314.

JOHNNY RISKO

Cleveland boxer, who is scheduled to step ten rounds with George Godfrey at Ebbetts Field, New York, to-night. The bout was supposed to have taken place last Wednesday night but Jupiter Pluvius halted the show.

LOUGHRAN TO GO OVER LIMIT

King of Lightweights Will Not Risk Title Against Armand Emanuel

To Stage Return Battle Between Morgan and Martin; Phil Scott Files Challenge

New York, June 27.—One title defence faded into a mere boxing contest and an interdivisional duel of free swinging punches headed for oblivion yesterday as two fistie champions laid their objections to making class weights before the New York state athletic commission.

Tommy Loughran, king of light heavyweights, was ordered to scale 175 pounds for his ten-round duel with Armand Emanuel, young Jewish contender from San Francisco, at Madison Square Garden Thursday night, but received title exemption just the same.

The Westerner must come in over the limit. Loughran protested that Emanuel, substituting for Jimmy Slattery, of Buffalo, had not yet qualified as a title contender.

The boxing fathers gave Mickey Walker, drum major of the middleweights, a week to consider their ruling that champions must scale within their own class limits no matter what an opponent weighs. Walker contends that he is at a disadvantage at 160 pounds and signed with Humbert J. Fugazy for the match at 175.

Inclement weather that has tangled Pugazy's schedule of battles forced the promoter to postpone the Walker-Lomaki match from July 4 until late in the month. The commission sanctioned a return battle between Tod Morgan, junior lightweight champion, and Cannonball Eddie Martin, former bantam ruler, on the holiday date. The Morgan-Martin go was originally scheduled to-night at Ebbetts Field, but was delayed by the postponed heavyweight engagement between Johnny Risko and George Godfrey.

The first challenge to the winner of Gene Tunney's title defence against Tom Heener was July 28, bobbed up when Phil Scott, the lengthy Englishman, filed his defy with the commission. The challenge was placed on file, along with one from Dave Shade, Californian middleweight, and addressed to Mickey Walker.

## GUY OZARK'S STAKES WINNER

Trotter Owned By New York Man Captures First Major Event at Fort Miami Park

Toledo, June 27.—Guy Ozark, owned by E. R. Harriman of New York City and driven by Dickerson, yesterday won the trotting horse club of America free-for-all trot, the first of the major stakes to be offered in the Grand Circuit at Fort Miami Park. The purse was worth \$3,337.

The bay gelding by Guy Archworthy defeated a good field by winning the second and third heats after trailing in third position in the opener. He made the very good time of 2:03 1/4 in winning the second heat, trotting the first half in 1:01 1/4 and the last quarter in 30 1/4.

Sam Williams, owned by George Tipling of Cleveland, was second in each heat. After winning the first, Kahis Dillon could do no better than third in the other two heats.

Two of the races were decided in extra heats. In the \$2,000 event for 2:08 pacers, the secondary feature of the programme, Louis Direct, owned by Walter T. Candler of Atlanta and handled by Egan, won the second and fourth heats after finishing seventh and third in the first and second, respectively.

After finishing sixth and fourth in the first two heats of the 2:11 trot, John Gallagher suddenly surprised the form players by winning the third and fourth and the race. Cinema, the favorite was second and Well Worthy, second choice, was third.

## KEEP YOUR EYE ON

RALPH KRESS  
St. Louis Browns

...IS FURNISHING THE BIG PUNCH IN THE ATTACK OF THE BROWNS...

It was an unusual sight through the first month of the campaign to see an unknown rookie holding a first place in major league batting with an average approaching the 500 mark. The St. Louis Browns presented such a young man this year in Ralph "Red" Kress, a rookie from the Tulsa Western League.

He can't last. The pitchers will wise up to him. The fans will mutter, but the ball players differ. They all say he will not bat .500 for the season, but that he'll hit plenty because he's a natural hitter. Kress, who is also a fine fielder, is all the more unusual because he is only in his second year of professional baseball. He is a long, rangy fellow and, as they say of all stars, "he has a great pair of hands."

That is successful, but don't keep up the experimenting too long because you are likely to get too far behind for your knowledge to be of any use. Another good plan is to rush the net from the very start in an attempt to sweep the other man off his feet. This idea often succeeds because an opponent is put on the defensive and his shots become soft and lose their sting.

If you have exceptionally good ground strokes an excellent method is to draw your opponent into the net and pass him, thereby demoralizing him and causing him to lose confidence in his game right at the start. This is the best plan if it succeeds but very few take it if it fails as you are the one who loses confidence.

## T.V.A. TAG DAY NEXT SATURDAY

Work of Unique Soldier Organization Is Reviewed

To appealing for support for the T.V.A. tag day next Saturday, a correspondent writes: "There is a club at the corner of Yates and Langley Streets, Victoria, that is in its way unique. Although highly respected and doing a useful work in the city, it is a club for which those who do not possess the necessary qualifications for membership may deem themselves fortunate. The conditions of membership are that the applicant must have tuberculosis or any allied pulmonary injury or disease as a result of service in the Great War."

"The club is known as the Tuberculous Legion of the British Empire Service League. Here in their clubrooms foregather this group of men who are a standing legacy of war to the community."

"With a fellow-feeling that comes of a common affliction, and a good understanding of their needs, they meet to discuss and try to solve the problems that have arisen in their lives because of their disability. It would be an experience anyone not familiar with the problems and hardships that men are facing because of the sacrifices of 1914-1918 to step in whilst a meeting is in progress, and realize that, although 'Coke Fire' sounded November 11, 1918, there are problems of the war yet unsolved."

"The chief problem of the chest disabled on small pension is, during the livelihood, and those who have been fortunate enough to secure suitable permanent employment have settled down to life, and are cheerfully making the best of things."

"In many cases the pre-war job could not be returned to, and so a change had to be made. There are also many members still out of employment in spite of their strenuous efforts to find suitable jobs. A description of the club and its members would not be complete without some mention of the work that it has done—work that is, in a large measure, of benefit to all disabled veterans."

"The Tuberculous Veterans' Association, with other veterans' organizations, were successful in getting an act passed that merged the pension bonus into the pension. Previous to this a 100 per cent pension was \$600 a year with \$300 bonus. This was an important piece of legislation and, realizing the necessity of it, the T.V.A. committee has been constantly at work taking up with Ottawa claims for recognition for men not on pension, or for ex-service men in hospitals who are not in receipt of pay and allowances."

"All this entails a lot of hard work and expense. It is also to be noted that officers and members of this club give their services gratuitously. There are no salaried officials. The club does not run a canteen, and the membership dues being inadequate to meet the cost of rent, fuel, etc., of its comfortable clubroom, it is mainly dependent on

the annual tag day to keep the good work going.

"Truly, a unique club, with a unique membership. Any time you are passing by, look in; you will receive a smiling welcome."

## Princeton Leads In Golf Tourney

Rye, N.Y., June 27.—William P. Young, lanky, curly-haired Princeton senior who wasn't even on the team a year ago, stole the show yesterday in the opening eighteen holes of the intercollegiate golf championship by turning in a dazzling par 72 to lead the field of eighty-six by three strokes. With the aid of Young's great performance Princeton got away to a flying start in defence of its team championship, leading Georgetown by 9 strokes and Yale by 12.

Another eighteen holes of medal play to-morrow will decide the winning team and complete the qualifying round of the individual championship.

## Amateur Boxing

All amateur boxers of the Tillicum Athletic Club who wish to resume boxing are requested to leave their names and addresses with the secretary, 736 Yates Street at once. The club intends to stage a tournament in the very near future, and all T.A.C. boxers or others wishing to participate on this card must leave their names at the above address, so that arrangements can be made for workouts at the club gymnasium.

## Play Starts In Collegiate Tennis

Philadelphia, June 27.—John Van Ryn, of Princeton, seeded No. 1, and Allan Harrington of Stanford, seeded No. 2, set the pace in the national intercollegiate tennis championship yesterday by reaching the fifth round of quarter finals in the singles.

Van Ryn in his only singles match of the day defeated Frank Rowden of Columbia, 6-0, 6-2. Harrington snatched the round of eight by taking the measure of Gus Feur, of the University of

## NEWS IN BRIEF

The Fire Department Band will render a concert at Stadacona Park tonight, commencing at 7.30 sharp.

A roof fire at 1115 Colquhoun street at 7 o'clock last night was extinguished with small loss, engines from headquarters and Yates Street responding to the call.

The First Baptist Sunday School will hold its annual picnic on July 2 at Ocean View Beach (near Esquimalt Lagoon). Cars will leave the church at 9 a.m., returning at 7 p.m.

The First Unitarian Sunday school will hold its annual picnic on grounds at the foot of Fraser Street, Esquimalt, on Saturday. A start will be made at 2 p.m. and all interested friends are heartily welcomed.

Gun practices will be carried out from the Esquimalt defences from 6 p.m. until 10 p.m. on Saturday. Range, 10,000 yards. Arc of fire, William Head and Trial Island.

"Your Boy and His Report Card" is the subject of a radio talk, one of a series on the "Care of the Eyes," by Joseph Rose, Optometrist, over Radio Station CFTV at 8.30 this evening.

John Shearer, alias Bryan Twigg, yesterday was fined \$25 in Saanich police court for being drunk on Maplewood Road. This morning pleaded guilty in the city police court to a charge of being drunk on Yates Street and was sentenced by Magistrate Jay to serve twenty days in jail.

A special meeting of the City Council to discuss the "Pacific Pictures Limited Agreement By-law" will be called for Friday at 4 p.m. It was stated at the City Hall to-day that no change had been made in the arrangements for the meeting; and that the by-law would be presented in its draft form on that date.

William Leroy Crouch, petitioner, secured a decree absolute from Me-dora Loretta Crouch in an action for divorce in the Supreme Court to-day before Mr. Justice D. A. McDonald. The couple were married at Clarksburg, Ontario, in 1916. P. J. Sinnott appeared for the petitioner in the undetected hearing.

In an invitation to the Mayor and Council of the city to-day Lt. Col. F. Gilman, A.A. and Q.M.G. of Military District No. 11, invites city officials to a special demonstration of artillery prowess to be held at Fort Macaulay on Saturday from 5 p.m. to 9 p.m., when the council will see the big guns in action, manned by the men of the 5th B.C. Coast Brigade.

From London, Ontario, municipal circles, in a letter to the City Hall to-day, comes the suggestion that all public holidays be set by statute for Monday. Thus Dominion Day, Labor Day, and all other public holidays would follow the week-end in which they occur. The letter was written by Acting City Clerk Nora Toll, as the City Clerk of London, Ontario, was himself on vacation.

At the close of the hearing of Ridley et al versus Barclay in Supreme Court yesterday afternoon, judgment was reserved by Mr. Justice D. A. McDonald. Plaintiff sued for an order restraining defendant from interference with wood cutting operations on section 15, Mc-chinson district. H. A. Beckwith appeared for the plaintiffs, and H. A. Maclean, K.C., for the defendant.

Rev. Kelly was the guest of honor at a farewell party held at the home of Mr. and Mrs. King, Lyall Street, Esquimalt, on Tuesday evening. About forty friends were present. The party assembled on the lawn for the former part of the evening. After a short speech by Mr. Kelly a small token of friendship and esteem was given Rev. Mr. Kelly. Mrs. King made the presentation.

The week of August 19 to 25 is to be kept open by citizens of Victoria. During that week, starting August 20 and ending August 26, the British Columbia Agricultural Association will hold its annual fair at the Willows Exhibition Grounds. This year more space has been provided for exhibits and, as was the case last year, all available exhibition space has been taken, while many entertainment features will be provided by concessionaires.

Holmes versus the Veterans Sight-seeing and Transportation Company Limited, an action by Fred and Fanny Holmes against the defendants on a claim for \$908 damages for motor collision, opened before Judge Lampman in County Court to-day. Mrs. Holmes sustained injuries in the accident, and was taken to hospital, it is claimed. Hearing proceeds with W. C. Morrey for the plaintiffs, and Alexis Martin for the defendant. The accident took place in September, 1927.

Cecil A. Johnston, taxi-driver, pleaded guilty in police court this morning to a charge of parking his car, while plying for hire, at an unauthorized location on Yates Street east of Broad Street. He was fined \$1 and also assessed as for failing to produce to Inspector Bouton his driver's license.

Funeral services were held this morning over the remains of the late Mrs. Emma Pagal, who passed away in Vancouver Sunday. The cortege left the Sands Funeral Chapel at 8.30 o'clock, proceeding to St. Andrew's Cathedral where Rev. Cyril Smith conducted Mass in the presence of many friends. The casket was covered with beautiful flowers. W. Jones, T. Pagan, F. C. Webb, F. G. Wood, A. Caldwell and C. G. Rowe acted as pallbearers. Interment was made in the family plot in Ross Bay Cemetery.

The remains of the late Judson D. Smith, who passed away at the Jubilee Hospital on Monday, were interred at the Sands Funeral Chapel this afternoon to Edmondton where interment will be made in the family plot.

Mrs. Mary Augustine Flewin, widow of Albert Chas. Flewin, and proprietress of the Flewin Nurseries, passed away yesterday at the residence, 960 Heywood Avenue, aged sixty-one years. The funeral will be held from the B.C. Funeral Chapel on Friday at 3.30, Rev. A. de B. Owen officiating. Interment will be made in Ross Bay Cemetery.

Funeral service was held at the Thomson Funeral Home, 1625 Quadra Street, yesterday afternoon for Laxton Sturgess, who passed away at the family residence, Sinclair Avenue, Cadboro Bay, Friday morning. Rev. S. Ryall, rector of St. Luke's Church, Cedar Hill, conducted the service, during which the hymn sung was "Abide With Me." There was a very large attendance of friends and a profusion of beautiful floral tributes covered the casket.

John Riddle, Walter Riddle, R. Lane and E. R. Richardson acted as pallbearers. The remains were laid to rest in the Royal Oak Burial Park.

Mrs. Adelaide C. Piercy, wife of J. E. Piercy of Vancouver, and daughter-in-law of Mr. and Mrs. George Piercy, 110 Linden Avenue, Victoria, passed away yesterday in the Mainland city. The late Mrs. Piercy was thirty-nine years of age and leaves her husband and four children to mourn their loss. The funeral will be held in Vancouver tomorrow at 2 p.m.

## ALPINISTS WILL ATTEMPT TO SCALE BIG PEAK NEAR ASPER

Jasper, Alta., June 27.—With the object of scaling Mount Scott, the highest unclimbed peak in the continental divide between Fort-Lake Valley and Lake Louise, a party of seven alpinists, headed by Dr. J. M. Thornton, author of "The Glittering Mountains of Canada," arrived at Jasper from the east yesterday morning and left immediately for camp. With him were Dr. Max Strumia of Philadelphia, a member of the Italian Alpine Club, William Hainworth of New Haven, Conn., and Julian Hillhouse of New York. They are all prominent members of the American Alpine Club and are climbers of wide experience. Dr. Thornton began climbing in

Jasper National Park six years ago, and Dr. Strumia was associated with him in the exploration of the Whirlpool Valley in 1924, when they worked on Scott Glacier and climbed some of the most difficult peaks.

Last night the adventurers camped on the south side of Mount Edith Cavell, and they will reach Scott Glacier, which lies close to the Athabasca Pass, in two days. The glacier is one of the main sources of the Whirlpool River, and is one of the most spectacular in the Canadian Rockies. The altitude of Mount Scott has been estimated at close to 11,000 feet.

Dr. Thornton and his party will be in camp two weeks.

## POLICE AGENT APPEALS HIS CONVICTION

### B.C. Court of Appeal Re- serves Judgment in Brokers' Case

Rex versus Ray Gilmore continued before the B.C. Court of Appeal to-day, an appeal by a former police agent from a conviction on a charge of taking part in a burglary.

The appellant sets out that he co-operated with the police at Vancouver to catch a thief, and later showed the police where stolen articles had been hidden. He was charged in turn with taking part in the affair, and from a conviction on that charge now appeals. C. E. Arnold appeared for the accused, and W. M. MacKay for the Crown.

At the close of the hearing of Rex versus Porter and Marks before their Lordships yesterday, judgment was reserved. The appellants, C. P. Porter and Albert Marks, are appealing a seven-year jail term on a charge of conspiracy to defraud, in connection with brokerage dealings of J. W. de B. Farria, K.C., and H. Fleishman appeared for the accused, and Major W. M. MacKay for the Crown.

## SIDNEY HEARS MRS. M. E. SMITH

### Liberal Policies Reviewed Before Capacity Audience

Sidney, B.C., June 27.—Mrs. Mary Ellen Smith was given an enthusiastic reception last night at Matthews Hall, when she addressed a capacity audience in support of the candidature of M. B. Jackson, K.C., Liberal candidate in the Islands constituency.

A McDonald, president of the Islands Liberal Association, acted as chairman, and explained that as Mr. Jackson would speak in Sidney later in the campaign, most of the time available would be accorded to Mrs. Smith, whose gallant battle to win Esquimalt, the stronghold of R. H. Pooley, had won wide attention to her views.

Mrs. Smith dealt with the social and domestic legislation of the Liberal Government, reviewing the establishment and operation of the Mothers' Pensions Act, Equal Guardianship and Adoption of Children Act, the Teachers' Family Maintenance Act and Old Age Pensions. She discussed the Liberal Party's health programme of rural health nursing, tranquility, sanitation, the Home for incurables and other health items.

M. B. Jackson, K.C., briefly thanked the workers on his behalf for their strong confidence in his success in winning return of the Islands constituency to Liberalism.

## ARBITRATION TO PROCEED

### Important Grand Forks Case to Be Heard at Parliament Buildings

Arbitration of the power rate dispute between Grand Forks and the West Kootenay Power and Light Company, an argument which involves the whole question of public utility control in British Columbia, will be resumed to-day before the provincial water board. The largest part of the case was argued at Rossland some time ago, but a few points remaining have yet to be cleared up.

Grand Forks will concentrate tomorrow on evidence concerning the cost of the West Kootenay Company's plant, and the expense involved in establishing proposed new power equipment to serve the interior town. F. A. McDonald, Grand Forks counsel, will call experts to support argumentation on this question.

The arbitration is of Province-wide importance as it establishes the right of the right of municipalities to appeal to the water board to settle fair electrical rates, and thus to a large extent places the board in the position of a public utility commission.

Publicity workers, automobile club officials and tourist entertainers composed a special party to Vancouver Island last week-end from Seattle as guests of the Edmonds-Victoria Ferry Company.

Capt. W. H. Payne, manager of the ferry company acted as guide for the party with Publicity Commissioner George I. Warren accompanying the stay on the Island a considerable amount of ground on the southern part was covered.

During Sunday, the visitors were guests at the Beach House, Empress Hotel and the Belvedere Hotel at Sooke, an informal dinner with Capt. Payne as toastmaster being held at the latter hotel.

From Sooke, the party proceeded through the Humpback Road, inspecting the reservoir, then going by way of the Malahat to Maple Bay Inn, and then by the Malahat to Hamlet Malahat. Returning to the city other points of interest were visited and considerable publicity literature was distributed at the publicity bureau.

Those in the party were: Captain Payne, Douglas Sholer, manager of the Auto Club of Washington, and Mrs. Sholer, Miss Brown, of the Seattle Chamber of Commerce; Miss Foster, of the Seattle Times information bureau; Miss McDonald, of the Washington Hotel and the Mount Baker resort; Mrs. Young in charge of the tourist broadcasting from KFOA; Miss Howard of Tacoma Auto Club; Mrs. Craig, of the information bureau of Fredrick & Nelson; Mr. Paget, of the Central Terminal Station, Seattle; and Mrs. Edmunds, executive secretary of the Edmonds-Victoria Ferry Company.

# STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

## TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)

Winnipeg, June 27.—Wheat: Local wheat market very quiet to-day with the smallest trade passing in several weeks. Despite the fact that buying power was very thin, there was very little pressure, offerings being light. Both July and October futures advanced 1/2 cents during early trading based on Liverpool being a little firmer than due and to further rains in Kansas, Oklahoma and Texas. Seaboard houses took a little wheat at the start, but volume was very small and the demand was quickly satisfied, after which the price was rapidly overcome, resulting in prices easing off and finally breaking 2 cents from the early high mark.

July was again the weak month, widening its discount under October 1/4 cent and reflecting the poor cash demand. On the extreme break there was a little buying against daily bids, but the market acted heavy. The demand for cash wheat was said to be "punch" by brokers with practically no demand from any quarter with export business again confined to a few odd loads. Spreads were a little wider than lower. Spotting business was smaller to-day, but Chicago interests were buying October and December moderately against sales in their own market. Weather forecast is a little more favorable over winter territory, and the prospects are that normal Summer weather will soon prevail. There were 198 cars of new winter wheat delivered to-day.

The weather over Spring wheat belt has been generally clear only one shower reported in Western Canada and a few light showers in South Dakota. The forecast for light winds, clear and a little higher temperature. Canadian wheat crop is practically all in the shot blade, early sown stuff now heading out with prospects that wheat cutting will be under way by August 1. Old crop supplies are very large and unless foreign importers buy on a much broader basis, the next six weeks that they have done in June, our excess carry-over will be very large. Winnipeg futures closed 1/2 to 1/4 lower or practically on the bottom.

Coarse grains—here was scattered liquidation in all the coarse grains to-day which found a very poor demand, and prices were rather sharply. There was no export business confirmed, and demand from all directions was extremely slow. Oats closed 1/4 to 1/2 lower, barley 1/4 to 1/2 lower and rye 1/4 to 1/2 lower.

## SWALLOWS

There is a tragic legend of the Swallows. Not many years ago millions of Swallows, flying back from Africa, found their path in the air barred by a great, snow-storm. They were too conservative, too instinctively wedded to an unwavering flight line to go round, but continued straight on to destruction. There have not been large numbers of Swallows in England since.

Swallows have been seen, however, in the Arctic during the summer, which is evidence that there are insects there, since the bird eats only bugs.

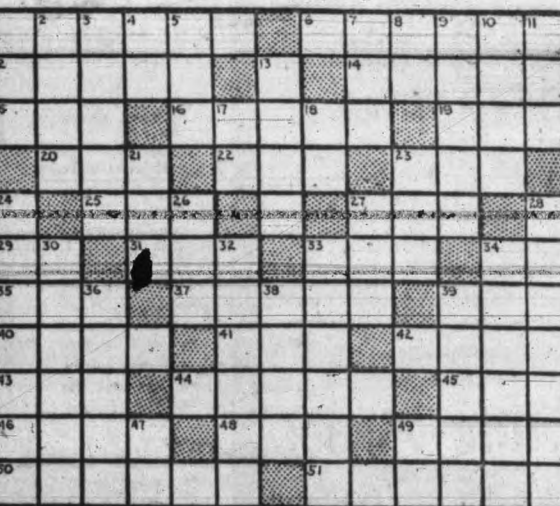

Here the artist has sketched young Swallows, whose feet are small and weak, must cling to build and enter their abodes.

The commonest European Swallow—the Chimney Swallow—erects its nest under the eaves of a house or in an unused chimney. Originally the bird took lodging among cliffs and rocky crags. Fearlessly he comes inland, direct from his African journey and enters the hearts of towns and villages. What is called a Chimney Swallow in America is a Swift.

## To-morrow's Horoscope

THURSDAY, JUNE 28, 1928

This is a day read by astrologers as unimportant in planetary direction, a time to pursue beaten paths.

There is a sign favorable for all who till the soil, and farmers should benefit to-day.  
Astrologers persistently prophesy that in this new era agriculture is to become more and more scientific, and they foresee vast estates cultivated by globe-circling organizations.  
Industry should benefit from this

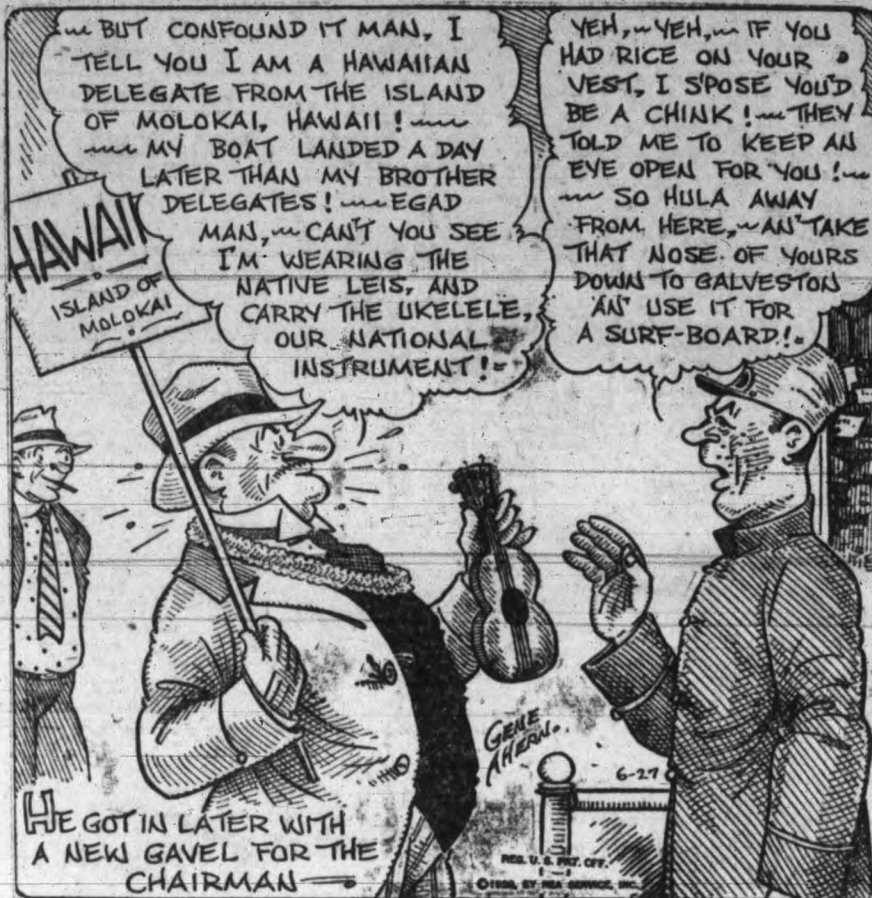

planetary government, which seems to presage expansion on the part of many manufacturers.  
This should be a favorable day for beginning a vacation, but it will not be lucky for those who start flirtations at Summer resorts.  
Women everywhere in the country will be imbued with the spirit of or-

ganization. They will work enthusiastically in politics.  
Persons whose birthdate it is have the augury of a year of satisfactory work.  
Children born on this day may have a special bent for agriculture. The subjects of this sign usually care little for personal appearance.

REALTORS HARM FRUIT CROP

Atlantic City, N. J., June 27.—Real estate developers who buy up huge tracts of land for speculation and let fruit orchards on this land rot are committing a misdemeanor and can be prosecuted, according to L. R. Smith, agricultural demonstration agent for Burlington County, New Jersey.

**YOU CAN'T FOOL NATURE**

WHAT you eat every day is either going to build you up, or it's going to drag you down! Look around you. Look into the homes of the rich. Lots of food. Yet you'll find in these homes just as many people badly-nourished as you'll find in the homes of the poor!

Modern foods are to blame. All too many of them are designed to please your palate rather than to give your body the vital nourishment it needs.

A well-known creator of health foods originated one food deliberately to overcome this. He made this food supremely delicious. He made it easy to digest. And he made it from whole wheat and malted barley to give you five elements of nutrition. This food is Grape-Nuts.

Grape-Nuts gives your body in a very easily-digested form dextrins, maltose and other carbohydrates for energy; iron for the blood; phosphorus for teeth and bone; protein for muscle and body building; and the valuable vitamin-B.

Eat it beginning to-morrow. Your grocer sells Grape-Nuts in wax-wrapped packages. It's ready to eat—with milk or cream. And so inexpensive. Four teaspoonfuls is a serving—and costs less than one cent.

Benefit Teeth and Gums, Too!

Doctors and dentists are constantly warning us that we must eat some crisp foods that require chewing. Grape-Nuts must be chewed—and its pleasant "crunchiness" and "deliciousness" never leave you in charge. This starts digestion in the mouth and gives to teeth and gums the exercise which alone can keep them in healthy condition.

## BEACON HILL PARK SERVICE

Thousands Expected to Be in Attendance Sunday Evening

Plans have been completed for the open-air service in Beacon Hill Park under the auspices of the Victoria City Temple, on Sunday evening next. Amplifiers, which worked with such success on Mount Tolmie, will be used under the direction of the management of radio station CPCT. New material now being used by CPCT for amplification works so successfully that it is possible for everyone to hear exactly everything that is said, without any strain on the part of the speaker or auditors.

Dr. Davies will speak in the park from the bandstand and his subject will be "What Is Religion?" The Victoria City Temple band under the direction of Charles A. Rasmussen, will play a service prelude with about twenty-eight or thirty bandmen. The City Temple choir will also take part in the service rendered on an anthem. Last year about 4,000 persons were present at a similar service and at least as many are expected on Sunday evening.

Seated will be provided for upwards of 2,000 or more persons and adjacent rocks and grass will accommodate many hundreds more. Permission to conduct the service has been granted by the parks committee of the Victoria City Council.

On Sunday morning, as per the summer schedule of the Temple, the service will be held at Temple Hall and Dr. Davies will speak on the subject "Religion and Rationalism." The morning service will be broadcast by remote control from Temple Hall by courtesy of the B. C. Electric Central Creameries, Daily Colonist and the B.A. Paint Company.

The orchard left to rot is a breeder of fruit diseases, says Smith. Scores of these diseases quickly find their way to clean orchards and there contaminate the fruit of those orchards. In Burlington County alone, according to Smith, 1,400 acres of orchard are being wasted in this manner, and the danger of the spreading of disease is great.

## AIRPORT HERE GIVEN PRAISE

Everett and Tacoma Fliers Pleased With Airdrome

Flying from Everett to Victoria in forty-five minutes in a Ryan monoplane, J. B. Scott, president of the Commercial Air Transport Company of Everett and a party of associates, yesterday afternoon arrived at the Lansdowne Road airdrome and spent the evening in Victoria, leaving this morning for Bellingham. With Mr. Scott were J. R. Hart, Cliff Morrow and B. O. Nelson, all interested in aviation in Everett.

The aerial landing facilities offered by the British Columbia Airways Limited, who anticipated that great success would mark the inter-city aerial service between Victoria, Vancouver and Seattle, to be inaugurated shortly by the British Columbia Airways Limited. Mr. Scott announced that his company would co-operate in establishment of complementary schedules. The goodwill party from Tacoma, who arrived yesterday morning in a Buhl air sedan likewise praised the Victoria landing field before their departure at 4:15 o'clock yesterday afternoon. They will arrive in Tacoma via the Lansdowne Road airdrome to be larger than that of Seattle, while Vancouver offers no comparable facilities. The visitors were accompanied on arrival by a delegation including Mayor Campbell and P. B. Fowler, president of the Chamber of Commerce.

## Egyptian Cabinet Change Explained

Cairo, Egypt, June 27.—"Dear Nahas Pasha," As the coalition, on the basis of which the Cabinet was instituted, has been gravely compromised, we have decided to dismiss you. Thanking you for the service you have rendered in the service of Egypt.

This was the laconic note with which King Fuad of Egypt discharged the Prime Minister and Cabinet yesterday afternoon. To the surprise of the nation, it was true the coalition was crumbling owing to the resignation of three ministers, but it is surmised the royal couple de facto more closely connected with newspaper publication of a damaging document alleged to have been signed by Premier Nahas Pasha, Wiza Wassel, president of the Chamber, and Gafar Fahry, leading Nationalist deputy.

This document indicated the three, as late as last year, had been the mother of Prince Ahmed Sefeddin to obtain removal of the restraint under which the courts had placed Sefeddin and to try to enable the prince to regain control of his estates, in consideration of a fee of \$68,000 if they were successful.

For three years the prince has been imprisoned at a private mental asylum in Sussex, England, and his escape to the continent of Europe, with the assistance of some keepers, caused a sensation some time ago. It appears the document was stolen from Fahry's house three months ago. Wassel yesterday declared the high fees mentioned were justified by the enormous interests involved and neither he nor Nahas Pasha had done anything in the affair since assuming political office. The document had been falsified and all three were taking criminal court action for defamation of character.

The Premier read the King's note to the cabinet with the comment: "We thank God the dismissal came while we were enjoying your confidence."

The Chamber warmly reciprocated with cries of "Long live Nahas," "Long live the president of the Nationalists" and "Long live the constitution."

The cabinet went out of office on Monday.

**CHICKS BRING BIG RETURNS**  
The 5,000 hens on the Oase C. Frantz poultry farm at Rocky Point, Col., have built up a \$75,000 White Leghorn hatchery which earns \$100,000 annually.

From the Frantz hatchery half a million baby chicks are shipped each year to all parts of the United States, Canada and Mexico.

The Frantz hatchery is one of the country's largest, where the eggs for hatching are produced on the same poultry farm. It is a model of modern efficiency.

## AT THE THEATRES

SCREAMING WAR  
COMEDY SHOWING  
AT PLAYHOUSE

The mirth provoking marines of "What Price Glory," Sammy Cohen and Ted McNamara, have been teamed again, this time in the featured roles of "The Gay Retreat." Fox Films war comedy, showing at the Playhouse Theatre.

This is a hilarious story of war days and Paris nights, and is said to set a new standard in feature length war comedies. The story deals with a sleep-walking doughboy and the two pals who join the army with him to keep him from walking into No Man's Land in his sleep.

Reviews of this production have brought a deluge of delighted laughter from hard-boiled critics.

**NORMA TALMADGE**  
IN "CAMILLE" AT  
COLUMBIA THEATRE

Generally acclaimed as the greatest triumph of the screen, "Camille" is the story of a woman who, through her own fault, becomes a victim of the Parisian fashion world.

The feature, of course, is invested with all the lavishness which always makes a Norma Talmadge vehicle. The gowns worn by the star are extremely dazzling.

New effects in beautiful motion picture photography are achieved by Olive March, chief cameraman during the filming of "Camille." The picture is being shown at Columbia Theatre this week.

**MYSTERY DRAMA**  
THRILLS FANS AT  
VARIETY THEATRE

"Held by the Law" brings to the screen another of Bayard Veiller's famous mystery stories. It is a worthy successor to his "The Thirteenth Chair." "Within the Law" and other stories of crime and punishment are being presented by the Variety Theatre, realizing the tremendous possibilities the story presented, spared no effort or expense in making it one of the outstanding productions of the season.

A notable cast, headed by Marguerite de la Motte and Johnnie Walker, both of whom have starred in scores of pictures, was signed. Ralph Lewis, Robert Ober, E. J. Ratcliffe, Fred Kelsey, Maude Wayne and others, have supporting parts. "This picture" is now showing at the Variety Theatre.

**FEMALE KNEE CAN  
BE AN OBJECT OF  
GENUINE BEAUTY**

Paul Point, when he launched his new famous picture, that women's knees are not pretty, reckoned without "Ted Browning." For the screen director not only proved him wrong, at least as far as the picture goes, but actually can a whole beauty chorus just by screen tests of pretty knees. And fifteen screen tests can't be wrong, so one.

Just about the time the fashion dictator was launching his dictum and stirring criticism and protest, Browning's picture, "The Girl in the Big City," Lon Chaney's new Metro-Goldwyn-Mayer vehicle now playing at the Dominion Theatre, has photographed the knees of fifteen groups of girls, and the winning knees won the roles. So the picture is the ballet that several girls won principal roles on the strength of it.

**POLA NEGRI IS  
SEEN IN LATEST  
STYLES IN FILM**

The season's smartest note in full evening costumes is introduced by Pola Negri, Paramount film star, in her latest picture, "Three Sinners," according to Travis Benton, the studio fashion magician. "Three Sinners" will be the feature at the Capitol Theatre to-day and all this week.

The dress is of flesh colored chiffon, embroidered all over in irregular big flowers done in pearls and crystal. The dress drops to long points around the bottom, quite short in front and long enough to trail on the floor behind.

Over this striking dress is worn a silver tissue coat, voluminous around the top and very snug around the hips. The coat is quite short, allowing the points of the dress to hang beneath it. There is no trimming or fur on the coat, but it has a scarce collar with two long ends that wrap around the neck and hang down the back. Very elaborate jewels are worn with the outfit.

The stage attraction at the Capitol for this week include Biles and Gold, those Goofy Steppers. In a dance specialty: Bidwell and Rice, two clever artists, in an unusual comedy singing and instrumental novelty, and Jacqueline Griffith, a talented violinist, who sings and dances for good measure. The concert orchestra and Harold Bechtel, the singing master of ceremonies, are also featured again this week.

**Brentwood**

Brentwood, June 27.—Mr. and Mrs. Tuttle, of Palmdale, California, who are making their first trip to Vancouver Island, spent a day fishing in Saanich Arm. They had a fine catch of ten salmon and are delighted with the district and the sport, and expect to return another year.

The concert and dance held on Friday evening in the Institute Hall by the West Saanich Women's Institute was a very enjoyable event. The hall was decorated with streamers and masses of summer flowers. The Clatsop Temple Shriners' Band of Victoria, who have on several occasions given their services for various benefits, presented a very attractive programme, which brought forth much applause from the audience. They also played the dance numbers and responded to many encores. Supper was served in the dining room from a flower-decked table. Strawberries and cream were an addition to the usual refreshments; ice cream and lemonade punch were also served. Medallion, Roach, Haddon, Freeland, Croft, Laconiere and Peden were in charge, with Messrs. Freeland and H. Croft at the door. The Institute wish to thank the Shriners' Band, and those who donated strawberries and helped to make the affair a success.

The annual garden fête of St. Stephen's and St. Mary's Women's Auxiliary was held on Saturday afternoon at "Bardsey," the home of Colonel and Mrs. Gale.

The First South Saanich Guides district commissioner for Saanich, presented the cup for attendance, inspection and discipline, which was won by the Puchas patrol. Service stars were presented to Lieut. L. Gale, Margaret Hall, Margaret Johnstone and Alice Sydnor. Another interesting ceremony by the commissioner was the enrolment of the recently formed company of Brownies, under the direction of Lieutenants H. Lamonte and H. Sydnor. Later the company gave a charming dance, for which they received hearty applause.

In the wooded part of the grounds a very pretty play entitled "The Dream Lady," was given by the South Saanich Guides and their officers, the various parts being well played and showing careful study and work. Those taking part were: Courtenay and ladies in waiting, D. Clayton, D. Schwartz, L. Hull, A. Sydnor, M. Peden, H. Bastin, C. Wright, L. Spooner, B. Turgoose, M. Clarke, Miss L. Gale, Queen, J. Livingston-Learmouth, Astaire, H. Clow, Amelotte, R. Broadhurst, Vivian, P. Jones, Veronica, L. Pope, Princess Fiametta, M. Johnston, Dream Lady, M. Gale; the Prince of Goldacres, M. Hall.

The stalls were placed in shady corners of the grounds and did very good business throughout the afternoon. The work staff was in charge of Mrs. Greensted and Mrs. Bissett. A stall of plants and flowers was looked after by Mrs. Bastin, while the ice cream and strawberries were sold by Mrs. Turgoose, Mrs. W. Thompson and Mrs. Hodgson.

Tea was served on the wide verandas by Mrs. Cary Wood, Mrs. Hughes, Mrs. Laconiere, Mrs. Bagley, Miss Wilkinson and Miss Barton.

The Girl Guides did a thriving trade at the home cooking and candy stall. The beautiful doll in charge of Miss Joan Hodgson was won by Miss R. Hagah.

Negotiations to Open For Inclusion of Sidney Route in Saanich Bus Service

Satisfied that unified transportation control is greatly to the advantage of Saanich, Reeve William Crouch has obtained from J. E. H. Matson an agreement to conduct negotiations with representatives of H. B. Olson for acquisition of the Gray Line Service on the East Saanich Road between Victoria and Sidney.

On Monday afternoon, prior to submission of the proposed twenty-year franchise by-law to the Municipality Council, Reeve Crouch interviewed Mr. Matson and explained his views.

Mr. Matson readily agreed to extend his consolidated bus system, to include the Victoria-Sidney route, provided negotiations can be completed.

Mr. Matson then put his views in the form of a letter, stating that he was willing to negotiate with representatives of Mr. Olson for the acquisition of the Sidney route upon agreed terms of a valuation to be struck by arbitrators.
